City of San Antonio
Subcontractor/Supplier Utilization Commitment Form

Solicitation Name: ***Las Moras Prefabricated Metal Facility***

Respondent Name: _____

Initial each statement and sign below.

☐ In responding to this solicitation for which proposals are not initially evaluated based upon price, I hereby affirm my firm's commitment to meet the subcontracting requirements indicated in the solicitation.

☐ I understand a Small Business Enterprise (SBE) subcontracting goal of **twenty** percent (20%) applies to this solicitation.

☐ I understand a Minority/Women-Owned Business Enterprise (M/WBE) subcontracting goal of **fourteen** percent (14%) applies to this solicitation.

☐ I understand SBE prime respondents proposing at least 51% SBE utilization (prime and/or subcontractor) will receive fifteen (15) evaluation preference points.

☐ I understand that self-performance by S/M/WBE prime respondents does not count toward these subcontracting goals.

☐ I understand that absent a waiver approved by the Small Business Office, failure to include a completed, signed copy of this Commitment Form to satisfy the subcontracting goals for this solicitation will render this response NON-RESPONSIVE.

☐ I understand and affirm that absent a waiver approved by the Small Business Office, if asked to submit a price proposal response, I will be required to submit a Subcontractor/Supplier Utilization Plan with the price proposal response.

☐ I understand that my firm's failure to submit the Subcontractor/Supplier Utilization Plan satisfying subconsulting goals during the price proposal response will be grounds for termination of negotiations and will allow the City to enter into negotiations with another Respondent.
