AN ORDINANCE **98-110**

PROVIDING FOR THE PREVENTION OF THE POLLUTION OF THE SURFACE WATERS OF THE CITY OF SAN ANTONIO, BY WASTE OIL.

BE IT ORDAINED BY THE COMMISSIONERS OF THE CITY OF SAN ANTONIO:

That hereafter it will be unlawful for any person, firm or corporation, or the manager or any person connected with any corporation, to discharge any fluid containing oil into any of the public waters or streams within the City of San Antonio.

All establishments/^{engaged} in a business wherein water mixed with oil, or oil, is discharged into any public stream, sewer or drain within the city limits of the City of San Antonio, may equip the discharge pipes from said establishment with traps to separate the oil from the water in such a manner as only unpolluted water will flow from said trap into any sewer, drain or public stream within said City.

Any person, firm or corporation violating any of the provisions of this Ordinance shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be fined in a sum of not less than Five (\$5.00) Dollars nor more than Two Hundred (\$200.00) Dollars for each offense; each and every day in which there may be a breach of this Ordinance shall constitute a separate and distinct offence.

The fact that the public streams of the City of San Antonio are being polluted with oil, and oil mixed with water, creates an emergency involving the public health and safety of the City, requiring that this Ordinance take effect at once, and it is so ordained.
