

ADDENDUM NO. 2

CITY OF SAN ANTONIO
CAPITAL IMPROVEMENTS MANAGEMENT SERVICES DEPARTMENT

PROJECT NAME: CULEBRA 58F PHASE IIB

DATE: MAY 31, 2011

This addendum shall be included in and be considered part of the plans and specifications for the above named project. The contractor shall be required to sign an acknowledgement of the receipt of this addendum at the time he receives it and returns signed form with the bid package.

CIMS PROJECT NO.: 40-00050

(A) POTENTIAL BIDDER ASKED THE FOLLOWING QUESTIONS:

- 1) RE: Bid item 105.1 Channel Excavation (dispose on site): I am unable to find on the plans the designated disposal site. Please clarify, or point out the disposal site.
- 2) RE: Bid Item 103.2 Remove Concrete Rip Rap & Pipe: Can concrete rubble generated from these removals be recycled for use in item 505.2 Large Rock Rip Rap (in pilot channel)?

(B) CONSULTANT'S RESPONSE WAS AS FOLLOWS:

- 1) 105.1: The Embankment site (for excavated soil and rocks less than 12 ") is that area identified on my included Grading Plan as "Lifshutz Tract", being adjacent to the west side of the Phase IIA segment of the Channel. " Disposal site" for undesirable material is not specified; to be directed by CIMS. (Reference Addendum #1's edited bid item's and plans – available today.)
- 2) 103.2: Old riprap may NOT be re-used as material for Item #105.2. We expect some care to be taken here to create an ordered and "finished" appearance.
