ADDENDUM 3

SUBJECT: Formal Invitation Bid (IFB) For **FY 2012 & 2014 Task Order Contract**
for Public Works Maintenance and Construction–Package B Dated September 4, 2011

DATE: September 30, 2011

Addendum No. 3 includes response the following questions:

1. General Notes Item 14 refers to Level-Up courses under item 205D and Pavement Type G. These Items are not on the Unit Price Bid Form - where do they apply or do they even apply?
 - A1. Tack coat and prime coat are identified in the specifications and are paid for under items 202 and 203. Hot mix asphalt pavement is paid under item 205. These notes are part of general notes section at the back that likely need to be revised based on similar language that may not correlate with new spec numbers.
2. Items 32, 33, & 34 talk about Slurry Seal which is Section 207 in the COSA Standard Specifications yet there is no Item 207 in the Unit Price bid Form. Is Slurry Seal part of this contract and if so what bid Item is it part of?
 - A2. The slurry seal is not been a part of this task order contract.
