DATE: November 10, 2010

This addendum shall be included in and considered part of the drawings and specifications for the above referenced project. Wherein provisions for the following drawings and specifications contained in the addendum differ from the provisions of the original drawings and specifications, the provisions of the addendum shall govern and take precedence. **This addendum shall be issued by electronic mail (“email”) and the Bidder shall be required to reply to the email or call the office of the Architect to acknowledge receipt of the addendum at the time he receives it. This addendum shall also be available at the office of the Architect if the Bidder chooses to pick up and sign for the addendum in person. All Bidders shall be required to acknowledge receipt of the addendum on the “Addendum Acknowledgement Form”, which must be signed and submitted with the bid package. One form shall be required for each addendum.**

This addendum is being issued to all contractors to whom documents have been issued. This addendum shall become a part of the Proposal/Bidding Documents, and in turn, shall become a part of the Contract Documents at the time a Contract for Construction is awarded to the successful bidder.

Care has been taken to make reference to all items being revised, added, deleted, or clarified; however, any item called for in this Addendum, but not cross-referenced to every possible item shall be construed to apply to any drawings, specifications, or schedules related or referenced to the item stated in the addendum.

It is recommended that each correction, addition, deletion or clarification herein stated or shown be made to the corresponding portion of the drawings or specifications to which it applies. Bidders are cautioned to verify that subcontractors affected by this addendum have knowledge of this addendum and incorporate same into their Bid.
