003 – BACKGROUND

The City of San Antonio (“City”) through its Office of Public Utilities is requesting submissions for a Water and Sewer Line Service Warranty program. The service provider will contract directly with residents for warranty issues and repairs. The City owns the San Antonio Water System (SAWS). SAWS currently provides service to approximately 477,000 residential water customers and 426,000 residential wastewater customers. **Respondents to this RFP should note that neither SAWS nor the City of San Antonio will bill on behalf of the firm that is selected for this proposal.** Payments will be sent directly to the service provider and the service provider will field all warranty related questions.

To be considered for this partnership with the City, the Respondent must submit a proposal addressing and demonstrating that it is qualified and capable of achieving the City’s goals for this program. The service provider will be responsible for all aspects of the warranty program, including, but not limited to, marketing the program to City residents and addressing any inquiries regarding the warranty program or claim process. The City will not be responsible for any cost in regards to marketing the program to residents; however, **the City must approve all marketing materials prior to the dissemination to residents. The City will not be responsible or liable for any action or omission by the selected firm concerning the Water and Sewer Line Service Warranty program.**

Respondent shall provide the requested information contained in RFP Attachment A, Part Two and Part Three. The answers should be responsive, concise and as brief as possible without being vague.

004 - SCOPE OF SERVICE

The warranty program must cover the water and sewer service lines for which the customer has sole responsibility. The program should fully explain coverage allowed per call and the number of calls allowed per year for both water and sewer line repairs. The service provider will be responsible for executing the warranty program. The service provider will be solely responsible for marketing the program to residents and will field any inquiries regarding the warranty program or the claims process. The service provider will be responsible for selecting qualified local contractors to perform warranty calls and ensuring repairs are completed. In addition, the service provider will be responsible for the following:

1. Providing customer service on a continual basis: 24 hours a day, 7 days a week.
2. Providing a means for customers to submit comments or complaints regarding contractors.
3. Accepting payments directly from customers.
4. Providing a response time window for contractor to respond to customer.
5. Employing only licensed plumbers for contract work.
6. Providing the City with a list of customers for each warranty product offered upon request.
7. Reviewing and becoming familiar with the City of San Antonio’s plumbing codes. The codes can be found at: https://www.municode.com/library/#!/tx/san_antonio/codes/code_of_ordinances?nodeld=PTIICO_CH10BULACO_ARTIXPLCO

The CVR-assigned identifiers are also used by the Goal Setting Committee for measuring relative availability and tracking utilization of SBE and M/WBE firms by Industry or commodity codes, and for establishing Annual Aspirational Goals and Contract-by-Contract Subcontracting Goals.

To perform a Commercially Useful Function, the S/M/WBE firm must also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quantity and quality, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether an S/M/WBE firm is performing a Commercially Useful Function, an evaluation must be performed of the amount of work subcontracted, normal industry practices, whether the amount the S/M/WBE firm is to be paid under the contract is commensurate with the work it is actually performing and the S/M/WBE credit claimed for its performance of the work, and other relevant factors. Specifically, an S/M/WBE firm does not perform a Commercially Useful Function if its role is limited to that of an extra participant in a transaction, contract or project through which funds are passed in order to obtain the appearance of meaningful and useful S/M/WBE participation, when in similar transactions in which S/M/WBE firms do not participate, there is no such role performed. The use of S/M/WBE firms by CONTRACTOR to perform such “pass-through” or “conduit” functions that are not commercially useful shall be viewed by the CITY as fraudulent if CONTRACTOR attempts to obtain credit for such S/M/WBE participation towards the satisfaction of S/M/WBE participation goals or other API participation requirements. As such, under such circumstances where a commercially useful function is not actually performed by the S/M/WBE firm, the CONTRACTOR shall not be given credit for the participation of its S/M/WBE subcontractor or joint venture partner towards attainment of S/M/WBE utilization goals, and the CONTRACTOR and S/M/WBE firm may be subject to sanctions and penalties in accordance with the SBEDA Ordinance.

CONTRACTOR agrees to subcontract at least **twenty-two percent 22%** of its prime contract value to certified M/WBE firms headquartered or have a significant business presence within the San Antonio Metropolitan Statistical Area (SAMSA). In the absence of a waiver granted by the SBO, the failure of CONTRACTOR to attain this subcontracting goal for M/WBE firm participation in the performance of a Commercially Useful Function under the terms of its contract shall be a material breach and grounds for termination of the contract with the CITY, and may result in debarment from performing future CITY contracts, withholding of payment for retainage equal to the dollar amount of the underutilization below the agreed upon M/WBE subcontracting goals, and/or shall be subject to any other remedies available under the terms of this Agreement for violations of the SBEDA Ordinance, or under any other law.

While the relative availability of ready, willing, and able firms within various ethnic and gender categories will vary significantly from contract to contract based upon the particular trades that are involved, overall in the San Antonio Other Services industry, as reflected in the City's Centralized Vendor Registration system for the month of August 2015, African-American owned firms represent approximately 2.76% of available subcontractors, Hispanic-American firms represent approximately 15.51%, Asian-American firms represent approximately 1.19%, Native American firms represent approximately 0.19%, and Women-owned firms represent approximately 4.90% of available other services industry subcontractors.

The company understands and agrees that a material violation of this clause shall be considered a material breach of this Agreement and may result in termination of this Agreement, disqualification of the company from participating in CITY contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party. CONTRACTOR's certification of its compliance with this Commercial Nondiscrimination Policy as submitted to the CITY pursuant to the solicitation for this contract is hereby incorporated into the material terms of this Agreement. CONTRACTOR shall incorporate this clause into each of its Subcontractor and supplier agreements entered into pursuant to CITY contracts.

G. Prompt Payment

Upon execution of this contract by CONTRACTOR, CONTRACTOR shall be required to submit to CITY accurate progress payment information with each invoice regarding each of its Subcontractors, including HUBZone Subcontractors, to ensure that the CONTRACTOR's reported subcontract participation is accurate. CONTRACTOR shall pay its Subcontractors in compliance with Chapter 2251, Texas Government Code (the "Prompt Payment Act") within ten days of receipt of payment from CITY. In the event of CONTRACTOR's noncompliance with these prompt payment provisions, no final retainage on the Prime Contract shall be released to CONTRACTOR, and no new CITY contracts shall be issued to the CONTRACTOR until the CITY's audit of previous subcontract payments is complete and payments are verified to be in accordance with the specifications of the contract.
