**FROM:** Paul J. Calapa  
Procurement Administrator

**DATE:** June 17, 2015

**THIS NOTICE SHALL SERVE AS ADDENDUM NO. IV TO THE ABOVE REFERENCED REQUEST FOR COMPETITIVE SEALED PROPOSALS**

**THE ABOVE MENTIONED REQUEST FOR COMPETITIVE SEALED PROPOSALS IS HEREBY AMENDED AS FOLLOWS:**

1. Change: Proposal due date and time is extended to Monday, June 29, 2015 at 2:00 p.m. Central Time.

**QUESTIONS SUBMITTED IN ACCORDANCE WITH SECTION 011, RESTRICTIONS OF COMMUNICATION:**

Question 1: What is the current version of Business Objects?

Response: Current version is Business Objects 3.1 (see RFCSP Exhibit 5: COSA Tech Standards).

Question 2: Is the City planning to stand up a new BI environment for this project?

Response: No.

Question 3: Will the City be using SAP BW for reporting?

Response: The City's BW system is available for reporting.

Question 4: What is the current version of SAP BW?

Response: BW Content 7.1, NetWeaver 7.01

Question 5: Does the City plan to integrate the Business Objects system with an External Portal?

Response: Not currently planned.

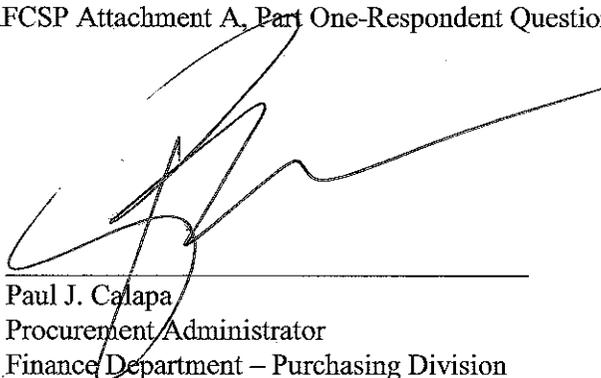

Question 6: Does the City plan to integrate the Business Objects system with LDAP/AD?

Response: Not currently planned.

Question 7: Are all assets (Equipment and Functional Location) that need to be geo.enabled, currently existing in the enterprise GIS?

Response: SAAS-maintained assets are not currently stored in GIS.

- Question 8: Is the City using ArcGIS Server 10.1 or higher?  
 Response: Yes. ESRI ArcGIS 10.2
- Question 9: Does the City have a development team on the ESRI side who manage the system (code and configuration) and will support this project?  
 Response: Yes.
- Question 10: Can the City provide a list of asset types (Equipment or Functional Locations) that you are going to geo-enable?  
 Response: None. GIS is not currently implemented at airport.
- Question 11: Does the Airport currently maintain asset condition thresholds (Refer requirement 4.11.1 and 4.18.4 using a Data Historian or Shop Floor (SCADA) system to trigger maintenance alerts?  
 Response: No.
- Question 12: Please provide some additional details on the type of information captured during surveys (Refer requirement 5.23.1 and 5.24.1) upon completion of the work order?  
 Response: Customer satisfaction surveys are not implemented at this time, but is a future consideration.
- Question 13: Does the CMMS system need to automatically assign and dispatch work orders to employees (Refer req 6.22.1, 6.41.1, 6.44.1) based on multiple parameters like the routes/maps integration and work shift or is assignment managed manually by the supervisor(s)?  
 Response: Both.
- Question 14: Does the City currently use any SAP ECC module (e.g. Finance, Human Resources, Real-Estate Solution, SAP SRM and Procurement, Project Systems, Quality Management) for the Airports?  
 Response: SAP HR, FI, FA, and SRM modules are currently used by SAAS.
- Question 15: Would the City please release Attachment A, parts two and three, where vendors are requested to respond to questions, in MS Word, or some other read-write format?  
 Response: As mentioned in Addendum III, Questions #1, RFCSP Attachment A, Part One-Respondent Questionnaire is available in MS Word.
