Wide publicity shall be given through appropriate channels in each case of competitive examinations to the end of encouraging qualified persons to take such examinations. Upon the basis of such tests the Personnel Director shall establish employment lists of persons eligible for appointment, which shall not be continued ineffect for a longer period than one year following the establishment of such lists, unless the Director of Personnel, with the approval of the Municipal Civil Service Commission shall renew such lists for reasons presented in writing to the said

Commission; but in no event shall such lists be continued in effect for a longer period than eighteen months.

All tests for entrance into the service of the City shall be the open competitive type; the nature, character, content and manner of conducting which shall be determined by the Director of Personnel, with the approval of the Municipal Civil Service Commission; however, upon the recommendation of the governing body, approved by said Commission, such tests may be non-competitive for positions which require exceptional qualifications of scientific managerial or professional character.

The classification plan recommended to the governing body shall include titles for the various classes of positions. Each Class shall include all positions in the city service which are sufficiently similar with respect to duties, responsibilities, and authorities so that the same descriptive title may be used to designate each position allocated to the class, that the same requirement as to education, experience, intelligence, general and specialized knowledge, skill, physical condition, and other qualifications may be demanded of incumbent for the proper performance of their duties, that the same tests of fitness may be used in choosing qualified appointees and that the same schedule of pay can be made to apply with equity under like working conditions. After adoption of the classification plan by the governing body, the Director of Personnel, with the approval of the Mayor shall adopt written specifications for each class and allocate positions to classes.
