| CITY OF SAN ANTONIO | * | WITH |
| | | FAMILY SERVICE ASSOCIATION OF SAN ANTONIO, INC. |

This Contract is entered into by and between the City of San Antonio (hereinafter referred to as "City"), a Texas Municipal Corporation, acting by and through its Director of the Department of Human Services pursuant to Ordinance No. _____ dated _____, and Family Service Association of San Antonio, Inc. (hereinafter referred to as "Contractor").

WITNESSETH:

WHEREAS, the Department of Human Services is designated as the managing City department (hereinafter referred to as "Managing City Department") for the City; and

WHEREAS, the City has provided certain funds from the Grant Fund Operating Budget (hereinafter referred to as "Grant Fund"), in part from the U.S. Department of Housing and Urban Development under the Housing and Community Development Act of 1974 (24 C.F.R. Part 570, as amended, for utilization in connection with its Community Development Block Grant ("CDBG") Program), and in part from the Cities for Financial Empowerment Fund ("CFE") for financial empowerment services; and

WHEREAS, the City has adopted a budget for the expenditure of such funds, and included therein is an allocation of \$251,363.00 for a project entitled the "Financial Empowerment Program" (hereinafter referred to as the "Project" or "Program"); and

WHEREAS, the City wishes to engage the Contractor to carry out the Project; NOW THEREFORE:

The parties hereto agree as follows:

I. SCOPE OF WORK

1.1 The Contractor will provide, oversee, administer, and carry out all activities and services in a manner satisfactory to the City and in compliance with the **Scopes of Work** and **SA2020 Scorecards** attached hereto and incorporated herein for all purposes as **Attachment I**.

II. TERM

2.1 Except as otherwise provided for pursuant to the provisions hereof, this Contract shall begin on **October 1, 2015** and shall terminate on **September 30, 2016**.

III. CONSIDERATION

3.1 In consideration, the City will reimburse Contractor for costs incurred in accordance with the budget(s) ("Budget") approved by City Council of San Antonio in the above referenced Ordinance, and all subsequently authorized amendments to that Budget. The Budget, which includes CDBG and CFE-specific budgets, is attached hereto and incorporated herein for all purposes as **Attachment II**. It is specifically agreed that reimbursement hereunder shall not exceed the total amount of **\$251,363.00**.

3.2 The funding level of this Contract is based on an allocation from the following funding sources:

\$100,000.00 Community Development Block Grant (CDBG) CFDA # 14.218
\$151,363.00 Cities for Financial Empowerment (CFE) Fund

Consequently, Contractor agrees to comply with the **Funding Guide**, affixed hereto and incorporated herein for all purposes as **Attachment III**.

3.4 It is expressly understood and agreed by the City and Contractor that the City's obligations under this Contract are contingent upon the actual receipt of adequate grant funds to meet City's liabilities hereunder. Should City not receive sufficient funds to make payments pursuant to this Contract or should awarded Grant Funds be reduced, City shall notify Contractor in writing within a reasonable time after such fact has been determined and may, at its option, either terminate this Contract or reduce the Scope of Work and Consideration accordingly.

IV. PAYMENT

4.1 Contractor agrees that this is a cost reimbursement contract and that the City's liability hereunder is limited to making reimbursements for allowable costs incurred as a direct result of City-funded services provided by the Contractor beginning October 1, 2015 in accordance with the terms of this Contract. Contractor expressly understands and acknowledges that it shall not be entitled to reimbursement for work, activities or services provided prior to October 1, 2015. Allowable costs are defined as those costs which are necessary, reasonable and allowable under applicable federal, state, and local law, including but not limited to those laws referenced in Section XII hereof, for the proper administration and performance of the services to be provided under an agreement. All requested reimbursed costs must be consistent with the terms and provisions of the approved budgeted line items described in Attachment II of this Contract, unless (a) a subsequent budget revision has been approved and signed by the Director of the Managing City Department in cases where the total Contract Budget remains the same, or (b) a Contract amendment has been approved and signed by the Director of the Managing City Department pursuant to Section 24.1 of this Contract in cases where there is an increase or decrease to the total Contract Budget. Approved budget revisions and Contract amendments modify the Budget attached hereto, and in such cases Contractor's requested reimbursed costs must be consistent with the last revised, approved budget. Approved budget revisions and Contract amendments supersede prior conflicting or inconsistent agreements with regard to the referenced Project Budget, and all references in the Contract to the budget shall mean the budget as revised through approved budget revisions or Contract amendments. Budget revision requests shall be submitted in advance of anticipated expense(s). The City will not accept budget revision requests submitted after August 31, 2016. In no event shall the City be liable for any cost of Contractor not eligible for reimbursement as defined within the Contract. Contractor shall remit to City within ten (10) business days after the City makes the request for remittance any funded amounts which were paid pursuant to this Article IV and used to cover disallowed costs. Any such amounts not remitted within ten (10) business days may, at City's option, be subject to offset against future funding obligations by City. For purposes of this Contract, the term, "business day" shall mean every day of the week except all Saturdays, Sundays and those scheduled holidays officially adopted and approved by the San Antonio City Council for City of San Antonio employees.

4.2 If specific circumstances require an advance payment on this Contract, Contractor must submit to the Director of the Managing City Department a written request for such advance payment, including the specific reason for such request in the form prescribed by the City. Contractor agrees that the City shall not be obligated to pay for any advances requested. In those instances in which advance payments are authorized, the Director of the Managing City Department may, in the Director's sole discretion, approve an advance payment on this Contract. It is understood and agreed by the parties hereto that (a) each request requires submission to the Director of the Managing City Department no less than ten (10) business days prior to the actual ostensible cash need; (b) each request will be considered by the Director of the Managing City Department on a case-by-case basis, and (c) the decision by the Director of the Managing City

Department whether or not to approve an advance payment is final. In those instances in which advance payments are authorized:

- (A) Contractor's payments to its vendors using funds advanced by the City shall be remitted to the vendors in a prompt and timely manner, defined as not later than ten (10) calendar days after the Contractor is notified that an advance payment check is available from the City, so long as services have been performed by the subject vendor.
- (B) The Contractor must deposit City funds in an account in a bank insured with the Federal Deposit Insurance Corporation (FDIC). In those situations where Contractor's total deposits in said bank, including all City funds deposited with said bank, exceed the FDIC insurance limit, the Contractor must arrange with said bank to automatically have the excess collaterally secured. A written copy of the collateral agreement must be obtained by Contractor from the Contractor's banking institution, maintained on file and be available for City monitoring reviews and audits. Advanced funds that cause the Contractor's account balance to exceed the FDIC limit shall be deposited in a manner consistent with the Public Funds Investment Act (Chapter 2256 of the Texas Government Code) as amended. Contractor shall maintain the FDIC insured bank account in which City funds are deposited and its recordkeeping in a manner that will allow City to track expenditures made pursuant to this and all other City contracts.
- (C) The City may, in its sole discretion, either deduct from monthly reimbursements amounts necessary to offset the amount advanced based upon the number of months remaining in the Contract term, or from a single subsequent monthly reimbursement the full amount previously advanced to Contractor. The City may consider factors such as projected allowable costs and other indicators such as Contractor's financial stability. Contractor shall maintain a financial management system to account for periodic, or a lump sum, deduction from reimbursements.

- 4.3 Contractor shall submit to City no later than the fifteenth (15th) of every month a monthly Request for Payment in the form prescribed by City, which details the specific costs (by category and by program account number) Contractor expended in the previous month for the services delivered as described in Article I herein, including supporting documentation of such costs as may be required by the Director of the Managing City Department. The Request for Payment shall also specify the Program Income (as defined herein) received or projected during the same time period. The Director of the Managing City Department may require the Contractor's submission of original or certified copies of invoices, cancelled checks, Contractor's general ledger and/or receipts to verify invoiced expenses.
- 4.4 City shall make reimbursement payments of eligible expenses to the Contractor of any undisputed amounts as determined by the Director of the Managing City Department in accordance with established procedures, so long as City receives a properly completed and documented Request for Payment. City shall make payment to Contractor within 30 calendar days of receiving a valid and approved Request for Payment.
- 4.5 The Contractor shall submit to City all final requests for payment no later than 45 days from the expiration or early termination date of this Contract, unless Contractor receives written authorization from the Director of the Managing City Department prior to such 45 day period allowing Contractor to submit a request for payment after such 45 day period.
- 4.6 Contractor agrees that the City shall not be obligated to any third parties of Contractor (including any subcontractors or third party beneficiaries of Contractor) under this Contract.
- 4.7 Contractor agrees that administrative overhead costs may not exceed twenty percent (20%) of the funding provided pursuant to this Contract. Contractor shall submit detailed administrative costs by line item with its annual program budget prior to Contract execution by the deadline established by the City.
- 4.8 Contractor shall maintain a financial management system, and acceptable accounting records that provide for:

(A) accurate, current, and complete disclosure of financial support from each federal, state and locally sponsored project and program in accordance with the reporting requirements set forth in Article VIII of this Contract. If accrual basis reports are required, the Contractor shall develop accrual data for its reports based on an analysis of the documentation available;

(B) identification of the source and application of funds for City-sponsored activities. Such records shall contain information pertaining to City awards, authorizations, obligations, un-obligated balances, assets, equity, outlays, and income;

(C) effective control over and accountability for all funds, property, and other assets. The Contractor shall adequately safeguard all such assets and shall ensure that they are used solely for authorized purposes. Contractor shall maintain an accounting system that can separate funds by funding source and project;

(D) comparison of actual outlays with budget amounts for each award. Whenever appropriate or required by the City, financial information should be related to performance and unit cost data;

(E) procedures to minimize the time elapsing between the transfer of funds from the City and the disbursement of said funds by the Contractor;

(F) procedures for determining reasonable, allowable, and allocable costs in accordance with the provisions of any and all applicable cost principles, including but not limited to the cost principles referenced in Section XII hereof, and the terms of the award, grant, or contract, with the City;

(G) supporting source documentation (i.e., timesheets, employee benefits, professional services agreements, purchases, and other documentation as required by City); and

(H) an accounting system based on generally acceptable accounting principles which accurately reflects all costs chargeable (paid and unpaid) to the Project. A Receipts and Disbursements Ledger must be maintained. A general ledger with an Income and Expense Account for each budgeted line item is necessary. Paid invoices revealing check number, date paid and evidence of goods or services received are to be filed according to the expense account to which they were charged.

- 4.9 Contractor agrees that Contractor costs or earnings claimed under this Contract may not be claimed under another contract or grant from another agency, organization, business entity or governmental entity.
- 4.10 Contractor shall establish and utilize a cost allocation methodology and plan which ensures that the City is paying only its fair share of the costs for services, overhead, and staffing not solely devoted to the Project funded by this Contract. The Cost Allocation Plan and supportive documentation shall be included with Contractor's annual program budget prior to Contract execution by the deadline established by the City. The Cost Allocation Plan is a plan that identifies and distributes the cost of services provided by staff and/or departments or functions. It is the means to substantiate and support how the costs of a program are charged to a particular cost category or to the program.
- 4.11 Upon expiration or early termination of this Contract, or at any time during the term of this Contract, all unused funds, rebates, or credits on-hand or collected thereafter relating to the Project, must immediately, upon receipt, be returned by Contractor to the City. Upon expiration or early termination of this Contract, all advance payments exceeding allowable costs incurred during the Contract term or for which Contractor fails to deliver services as consideration and as specified under the Contract shall be returned within twenty (20) calendar days of written notification to Contractor of the need for reimbursement.
- 4.12 Upon execution of this Contract or at any time during the term of this Contract, the City's Director of Finance, the City Auditor, or a person designated by the Director of the Managing City Department may review and approve all Contractor's systems of internal accounting and administrative controls prior to the release of funds hereunder.

- 4.13 Contractor agrees that prior to the payment of any funds under this Contract, and throughout the term of this Contract, Contractor shall maintain financial stability and operate in a fiscally responsible and prudent manner. Contractor agrees that the City may immediately terminate this Contract if the City finds, as solely determined by the City, that Contractor is in such unsatisfactory financial condition as to endanger performance under this Contract. The City may consider evidence such as the apparent inability of Contractor to meet its financial obligations and items that reflect detrimentally on the credit worthiness of Contractor. Relevant factors include, but are not limited to, pending litigation, liens and encumbrances on the assets of Contractor, the appointment of a trustee, receiver or liquidator for all or a substantial part of Contractor's property, or institution of bankruptcy, reorganization, rearrangement of or liquidation proceedings by or against Contractor. Contractor shall provide any records requested by City that City deems necessary to make such a determination.

V. PROGRAM INCOME

- 5.1 For purposes of this Contract, "program income" shall mean earnings of Contractor realized from activities resulting from this Contract or from Contractor's management of funding provided or received hereunder. Such earnings shall include, but shall not be limited to, interest income; usage or rental/lease fees; income produced from contract-supported services of individuals or employees or from the use of equipment or facilities of Contractor provided as a result of this Contract, and payments from clients or third parties for services rendered by Contractor pursuant to this Contract. At the sole option of the Director of the Managing City Department, Contractor will either (a) be required to return program income funds to City through the Managing City Department, or (b) upon prior written approval by the Director of the Managing City Department, Contractor may be permitted to retain such funds to be:

Contractor must submit a statement of expenditures and revenues to the Managing City Department within thirty (30) days of the activity that generates program income. The statement is subject to audit verification by Managing City Department. **CITY OF SAN ANTONIO
DEPARTMENT OF HUMAN SERVICES**

SCOPE OF WORK

**Family Service Association of San Antonio, Inc.
Financial Empowerment Services
FY 2015-2016**

PROGRAM OBJECTIVE:

To improve the economic status of the City's lower income working families by teaching them how to build, save, and protect financial assets. In order to accomplish this we provide one-on-one financial counseling and coaching. Our holistic approach to financial counseling builds clients' defenses against detrimental practices such as fraudulent lending, renting and debt management that are perpetrated against low-income families. We are also concerned with overcoming barriers such as minimal educational attainment, insufficient job skills and ineffective support systems that contribute to a lack of individual employability and perpetuate intergenerational cycles of poverty.

SERVICE PLAN:

According to recent research, a quarter of American households are "asset poor," meaning these individuals and families have insufficient financial resources to support them at the poverty level for three months (during a suspension of income). Even more troubling, asset poverty affects children at a disproportionately greater rate. Our Financial Empowerment Center's purpose is to assist individuals and families to increase their asset accumulation while providing education and resources to prevent exploitation that too often occurs through predatory lending, renting and debt management. Primary goals include assisting individuals to become banked with FDIC/FCUA member institutions, reduce debt, develop and maintain savings habits and increase credit scores. Financial Counselors meet confidentially with each individual and/or family to assess immediate financial circumstances and provide support to stabilize the situation, if needed. The counselors then analyze the circumstances holistically, and work with clients to develop outcome-oriented action plans. Financial Counselors take into consideration the core areas such as education, unemployment/underemployment, budgeting, money management and goal setting for wealth creation.

We provide low-to-moderate-income, economically vulnerable families with the skills and knowledge to enable them to successfully manage their finances, learn safe money management, save for their asset goals, and proactively engage in our economy. We are dedicated to improving the economic sustainability and asset accumulation abilities of families in targeted neighborhoods by working collaboratively with other public and private agencies to increase economic opportunities and financial knowledge. We will address the participants' needs for education and job training in high-growth occupations in order to create income stability and financial sustainability where necessary. Research has shown that

**CITY OF SAN ANTONIO
DEPARTMENT OF HUMAN SERVICES**

we get better outcomes when we intentionally bundle services such as education and job training with financial counseling.

Family Service will provide financial counseling services at no cost to participants at the Neighborhood Place and other satellite locations as jointly determined. We will conduct community outreach and marketing for financial counseling services. We will meet the milestones and outcomes within the timeframe the agreement states. Any material changes to its milestones, outcomes, and timeframes or any significant events which could potentially impact the progress or outcomes will be reported to the City immediately. We will track client intake and outcome data, oversee client management and database systems, and work with community partners.

Family Service intends to leverage these funds with other funding sources e.g. United Way Strengthening Families Issue Council in order to expand these services in the community.

TARGETED POPULATION: Family Service's targeted population is the low to moderate income families of the City of San Antonio.

NUMBER OF PARTICIPANTS/ CLIENTS SERVED: A total of 300 clients will be served by one full time counselors.

I. OVERVIEW

In an effort to maximize financial resources during fiscal years 2015 and 2016, the City of San Antonio (the "City") through its Department of Human Services and Economic Development Department has established a Consolidated Public Service Funding process. Since funds provided are competitively allocated, organizations interested in providing and administering these Public Service activities is encouraged to submit a proposal highlighting their specific programs and detailing current resources available to conduct the anticipated activities. The competitive solicitation period for this funding began in March 2014, and effectively culminate in submission of funding recommendations and budget adoption September 2014. Although some funding sources may be available around August 1, 2014, most funding sources shall be available for release on or about October 1, 2014. FY 16 is a renewal year and funding recommendations and awards will be approved by City Council in September 2015. Other funds, as they may become available throughout FY15 and FY16 for services procured through the consolidated RFP may be awarded at a later date with approval of City Council of the City of San Antonio.

Contractor understands and agrees that the funds provided to Contractor from the City's Consolidated Human Development Funding Services Pool shall represent a limited percentage of Contractor's total agency revenues and expenses for the contract term, which percentage is established by City Council and is subject to change. The percentage of the total agency revenues and expenses derived from sources other than City funds is sometimes referred to as the agency's "match" requirement. Contractor's total agency revenues and expenses derived from non-City sources and from the City is Contractor's Total Budget. Contractor shall comply with any matching fund requirements set by City Council that apply to Contractor's contract, regardless of when such requirements are passed. If Contractor receives an aggregate amount of \$1,000,000.00 or more in City funds from all City funded contracts, then Contractor shall obtain thirty-five percent (35%) of its Total Budget from non-City sources (i.e., no more than sixty-five percent (65%) of its Total Budget is derived from the City). If Contractor receives less than an aggregate amount of \$1,000,000.00 in City funds from all City funded contracts, then Contractor shall obtain fifty percent (50%) of its Total Budget from non-City sources (i.e., no more than fifty percent (50%) of its Total Budget is derived from the City). City shall require sufficient evidence that such funding is in place with their annual program budget prior to contract execution. Contractor understands that City shall have no obligation to provide any funds hereunder until Contractor demonstrates having secured the percentage of matching funds required of Contractor. Contractor understands and acknowledges that Pell grants and other awards received by individuals shall not count toward its matching fund requirements. Additionally, Contractor understands and acknowledges that in-kind contributions shall not count toward its matching fund requirements. (Contractor shall provide acceptable evidence, as determined solely by the City, that Contractor has expended a funding amount from non-City funds equal to or greater than the applicable matching funds percentage requirement. City reserves the right, to make such a request at the end of each quarter throughout the Contract term for evidence that Contractor has expended or is on course to expend the applicable percentage of funds constituting its match prior to the end of the Contract term. If Contractor does not provide City with acceptable evidence that funds have been expended as required herein, Contractor understands and agrees that City may reduce or recapture pursuant to 4.1 the amount of City funds provided to Contractor in order to comply with the required expenditure ratio of non-City funds to the Total Budget, without first obtaining the approval of City Council.

Funds reduced as a result of either of the requirements above may be reprogrammed.

Contractor agrees that all amendments to any of the applicable laws in this Contract including the **Funding Guide** and **Federal Compliance Manual** may be incorporated automatically into the Contract.

III. Statutory Guidelines and Special Provisions

A. COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) CFDA #14.218

The Community Development Block Grant (CDBG) is a grant provided by the U.S. Department of Housing and Urban Development (HUD) under Title I of the Housing and Community Development Act of 1974, (hereinafter referred to as Community Development Act), as amended. The Office of Grants Monitoring & Administration administers the CDBG program for the City of San Antonio for use in revitalizing neighborhoods, providing affordable housing, expanding economic opportunities, improving community facilities and services, and public service activities.

National Objectives:

An activity must meet one of the following CDBG National Objectives to be eligible to receive funds:

- (1) Benefit low- and moderate-income families,
- (2) Prevent or eliminate slums or blight, or
- (3) Meet other urgent community development needs.

Typically, public service programs will meet the first National Objective of benefiting low to moderate income families. HUD defines Public Service programs as “activities directed towards improving employment, crime prevention, child care, health, drug abuse, education, energy conservation, welfare, or recreational needs.”

Depending on the nature of the funded public service program, the City could require income certification of program participants to ensure the program meets certain income eligibility requirements for use of Community Development Block Grant (CDBG) in the program.

In most cases, as direct beneficiaries, clients benefiting from CDBG supported public service activities must be documented as having gross annual household incomes not exceeding 80% of San Antonio’s median income, adjusted for household size in accordance with HUD Section 8 Income Guidelines.

CDBG regulations allow up to 15% of the annual grant to be allocated to public service programs. However, the City will award funds to public services based on current priorities and funding availability. Public services include but are not limited to those programs concerned with employment, crime prevention, childcare, day care, health care, drug abuse prevention, education, mental health, energy conservation, welfare, or recreation.

In addition, HUD CDBG regulations require the Public Service program to be a new service or demonstrate a quantifiable increase in the level of an existing service.

B. Child Care Development Fund Block Grant (CCDF) CFDA #93.575

The City of San Antonio receives CCDF funds through a contract with the Workforce Solutions Alamo. Based on availability, federal matching funds will support local initiatives that improve the quality of early care and education programs for young and school age children through Quality Improvement Activities (QIA) and family strengthening strategies. Exhibit 1

CITY OF SAN ANTONIO
Economic Development Department

Purpose: This Economic Development Department (EDD) policy provides delegate agencies with procedures, allowances, and requirements for use of City of San Antonio (COSA) General Funds for education, job skills or life skills training and supportive services. The policy also stipulates internal EDD monitoring requirements to ensure compliance.

Executive Summary of This Policy:

1. Establishes a maximum household income eligibility level of 200 % of the current Federal Poverty Level for a participant to receive support services via an EDD-funded program. There is no income eligibility level for training.
2. Defines allowable expenses for training, education, and supportive services.
3. Establishes maximum dollar and time limitations per person for training, education and supportive services.
4. Describes participant conditions that must be met in order to receive various services via an EDD-funded program.
5. Establishes requirements for support documentation when training, education or supportive services are provided. Defines a waiver process that must be followed in situations that do not meet the requirements of the policy.
6. Identifies target demand occupations for 2016.

Definitions:

Training costs include tuition, academic or training fees, books, testing or assessment fees, training supplies, tools, as well as items such as review fees, tutoring, uniforms, medical vaccinations, medical exam, and work related items required by the training provider for job training.

Support services include items such as (but not limited to) childcare, mortgage, rental, food or utility assistance, transportation, and other work related items.

Use of the term “*manager*” in this policy refers to the EDD division or program manager or the most senior delegate agency manager, as appropriate, unless otherwise specified. The word “*Director*” in this policy refers to the Director of EDD.

Policy: This policy applies to all EDD delegate agencies and subcontractors and is intended to provide uniform and consistent guidance for expenditures associated with training and supportive services for participants in EDD-funded programs. This policy will be incorporated into and become a part of all delegate agency and subcontractor contracts.

Conflicts: This EDD policy only supplements grantor requirements. In all cases, funding source procedures and program requirements for eligibility and supportive services will be followed if they conflict with this policy. Additionally, funding source guidelines may be followed if they permit higher allowances than authorized by this policy.

Monitoring: EDD contract monitoring personnel will follow the Department Directive (DD-DA/C) and will review delegate agency and subcontractor records to ensure eligibility, job training, and supportive service requirements are met and documented. EDD monitors will report noncompliance as required by the Directive. The Director will require the delegate agency or subcontractor to refund all costs incurred for services provided to ineligible participants.

Funding Priorities: In situations where limited funding requires a prioritization of participant needs, eligible program participants will be served in the following order:

- Elderly (over 60)
- Certified disabled
- Critical care customer (CPS certified)
- Households with children 3 years of age or younger

Eligible individuals in a crisis situation (including spousal abuse, homeless or hungry or the immediate threat thereof) may be served without regard to these priorities. No individual already receiving services will have any service terminated because of new participants with a higher priority.

Agencies that do not adopt all of the requirements and expenditure limitations of this policy are required to account for the expenditure of COSA funds separately from funds received from other sources to ensure that they are expended in compliance with this policy.

Basic Income Eligibility: Training is available to residents of the city of San Antonio regardless of income level. Funding limits vary based on the length of training and the goal of such training. Support services may be available to individuals who meet EDD's basic income eligibility test.

Income Eligibility Test: To be eligible for initial and continued support services, an applicant's annual household income at the time support services are provided may not exceed 200% of the current Federal Poverty Level (FPL). Household income includes monies from those sources identified by IRS Publication 17 but also includes military disability benefits. For military personnel, income is identified as monies from those sources identified by IRS Publication 3. Excerpts from IRS publications 3 and 17 are included as Attachments A and may be downloaded in their entirety at <http://www.irs.gov/publications/index.html>. Certain types of support services may have more stringent income eligibility requirements. The FPL Guidelines (revised annually) for 2015 - 2016 are included as Attachment B, and may be downloaded at <http://www.hhs.gov>. Any participant who exceeds the maximum income level while receiving support services may no longer receive support services unless the Director approves a written exception. Service providers must document their definition and calculation of annualized income.

EDD's income eligibility requirements should be deemed maximum levels. If a funding source requires more stringent income requirements, the more stringent requirements will be followed. Additionally, due to agency funding levels or service capacity, service providers may establish lower levels, at their discretion, provided they be used on a universal and consistent basis.

Residency Requirements: To be eligible for training and support services, an applicant must provide proof of residency within the city of San Antonio, as well as their intention to maintain residency in San Antonio upon completion of EDD-funded training. Proof of intention to maintain residency may be documented through various means, which include:

- Military Dependents: Permanent Change of Station orders.
- Non-Military: Purchase or ownership of a self-occupied home.
- All: Self-declaration of intent to remain in San Antonio as a resident

Any applicant not meeting these residency requirements or who is unable to provide proof of residency intent will be considered on a case-by-case basis via the exception process outlined in this policy.

Exception Process: Dollar limitations or other eligibility requirements for training and supportive services may be waived on an individual basis for extenuating circumstances or unusual personal situations. Individuals not meeting income or other requirements of this policy may receive training or support services via a written exception to this policy as follows:

- a. *Income eligibility.* If an individual exceeds the EDD basic income eligibility requirements for a specific support service, a request may be submitted in writing to the Director for approval prior to the provision of the particular support service.
- b. *Crisis intervention.* If an income eligible participant requires immediate support services to address a crisis situation, such service(s) may be provided on a one-time basis for a period not to exceed seven calendar days and in an amount not to exceed \$250. The requirement to document service or denial from other agencies or service providers is waived.
- c. If a funding source specifically allows more generous training or support service allowances or allows a higher income level, such allowance will be documented once and forwarded to the Director for approval.

It is the delegate agency's responsibility to determine the type of EDD funds received and the eligibility and other requirements of the funding source. EDD will assist the agency as requested.

All exceptions require written approval by the Director, unless waiver or approval authority has been delegated by the Director, in writing, to the appropriate division/program or agency manager.

ELIGIBILITY & PROGRAM REQUIREMENTS

All funding source eligibility requirements must be met and documented in the participant file before any training or support services may commence.

All dollar or time limitations are for COSA funds expended per agency per applicant unless otherwise stated. Short-term and long-term dollar and time limitations may not be “stacked” or combined for a participant.

Individuals receiving education, training, or support services from any EDD program are strongly encouraged to participate in the Department of Human Services’ Family Assistance Division (FAD). All service providers should advise participants of the features, benefits, and qualifications for:

- a. Financial Literacy programs; and
- b. Volunteer Income Tax Assistance (VITA) program;

REMEDIAL EDUCATION AND JOB/SKILL TRAINING REQUIREMENTS

EDD supports short-term remedial education necessary to receive training with a goal of placing participants in permanent employment or transitioning them into self-sustaining employment.

All providers are responsible for knowing current Texas Workforce Commission (TWC) training and support services opportunities and requirements and for referring all eligible applicants to a TWC workforce center, if appropriate. If TWC training or support services are available for a qualified applicant, those resources should be utilized first, to the extent possible or practical, before COSA funds are committed.

Long-term training may be provided only in targeted demand occupations (or a “first level” directly related occupation) as identified by Workforce Solutions Alamo. Long-term training may also be approved for customized training programs, if the employer has provided a written agreement to employ graduates of the training program at a wage not less than \$11.66 per hour. Occupations not on the target demand occupation list may be added via written request to the Director. A list of target demand occupations for 2016 is included as Attachment C.

Short-term training is supported if it has a goal of immediate “transitional” job placement. Delegate agencies may use EDD-funds to purchase direct training services from other providers, but only for approved occupations or programs as outlined above. Additionally, certain grant-funded programs for job training may require use of certain approved training vendors, as specified by the funding source. All COSA and funding source procedures and requirements for the procurement and payment of training services must be followed. EDD-provided funds may only be used to purchase training that result in a marketable skills certificate in a targeted or approved occupation.

Applicants who are skilled or have been previously employed in a target demand occupation may receive training or support services via an EDD-funded program if they meet eligibility requirements and:

They are currently earning less than \$11.66 per hour, or receive prior written approval from the Director (or manager if so delegated), or

- b. Their previous skills training was not provided using COSA funds, or
- c. Their training was in an occupation that is no longer identified as a target demand occupation, or
- d. They are a displaced worker requiring re-training in order to become re-employed.

EDD supports both short and long-term job and occupational skill training and short-term remedial education as follows:

- a. Short-term training of six months or less is authorized for placement in transitional (less than a living wage) employment. The City's Living Wage for 2015 - 2016 is \$11.66 per hour. Such short-term training must be intended to provide the participant with
 - i. Immediate placement and income;
 - ii. Basic employability skills;
 - iii. Character trait development; and/or
 - iv. Creditable job experience for transition to a living wage.

Total short-term training costs may not exceed \$1,000 per person per lifetime and total support services for income eligible participants may not exceed \$1,000 per person per lifetime, plus childcare (at the current Child Care Services Division (CCSD) rate) plus transportation (per limits below) for the duration of training, unless specifically authorized in writing by EDD or the funding source.

- b. Short-term training (including a compressed schedule) of six months or less is also authorized for permanent placement at or above the living wage, preferably in a demand occupation. Total training costs may not exceed \$2,000 per person per lifetime and total supportive services may not exceed \$1,000 per person per lifetime, plus childcare (at the current CCDS rate) plus transportation (per limits below) for the duration of training, unless specifically authorized in writing by EDD or the funding source.
- c. Long-term occupational training (more than six months) is authorized for permanent placement in a targeted (or approved) occupation. Total training costs may not exceed \$4,000 per person per lifetime for certificate programs or \$6,000 per person per lifetime for associate or higher degree programs. Total supportive services may not exceed \$2,000 per person per lifetime plus childcare (at the current CCSD rate) plus transportation (per limits below) for the duration of training for income eligible participants, unless specifically authorized in writing by Director (or designee) or the funding source. For individuals participating in a long-term customized training program, total training costs will be limited to the actual cost of the customized training.
- d. Short-term remedial education of less than six months is authorized for individuals with a high school or G.E.D. diploma whose pre-enrollment academic assessment (using the Test of Adult Basic Education (TABE) or similar instrument) indicates an academic level of not less than 10.0. Total training costs may not exceed \$1,000 per

person per lifetime and total support services may not exceed \$1,000 per person per lifetime, plus childcare (at the current CCDS rate) for the duration of training for income eligible participants, unless specifically authorized in writing by the Director or the funding source. Individuals who have not achieved an academic level of 12.0 or higher after remedial education funded by EDD are not eligible for further training funded by EDD but are eligible for G.E.D. preparatory education at any COSA Family Assistance Division – Adult Literacy Centers.

- e. Adult Basic Education (ABE) is authorized for any individual whose pre-enrollment academic assessment (using the Test of Adult Basic Education (TABE) or similar instrument) indicates an academic level of less than 10.0. All ABE will be provided via a COSA Family Assistance Division – Adult Literacy Centers or other designated education provider depending on the participant's needs. Total training costs may not exceed \$1,000 per person per lifetime and total support services may not exceed \$1,000 per person per lifetime for income eligible participants unless specifically authorized by the Director.

All direct (i.e. out-of-pocket) training and support service costs for each participant must be properly documented in the agency's fiscal records and in the participant's individual case or student file. If tools are provided to the participant for job training, the participant must acknowledge receipt of the tools on an inventory form and sign an agreement to return the tools if the training program is not completed. The cost of non-cash services such as case management, referral, follow-up, etc. need not be calculated or considered in terms of this policy.

All participants needing training should complete a career exploration process before any COSA funds are committed by the Agency. Once training has commenced, a change in the participants targeted demand occupation is allowed only once per participant.

Additionally, all participants who are eligible for Pell grants or other local, state, or federal sources of financial aid must show proof of application for such funds before COSA funds may be used for training or support services. Pell or scholarship funds can be used for training or living expenses or both, if permitted by the source of such funds.

SUPPORT SERVICE REQUIREMENTS

The City's Department of Human Services (DHS) support service programs are designed to facilitate the coordination of community resources and, when possible, minimize or eliminate the possible duplication of services with other service providers. Accordingly, when possible or appropriate, agencies should coordinate service referrals with the United Way 211 referral resource. When applicable, delegate agency or subcontractor staff should provide participants with a listing of other service agencies and refer participants to applicable programs for assistance. A coordinated effort is needed to ensure participants are made aware of all available services.

It is EDD's policy to provide support services to program participants only if the service is not available via another source and only after other providers of these (or comparable) services have declined to provide the service to the participant because of funding, capacity or eligibility requirements. If a participant is referred to DHS for support services, a record of the service (or denial) must be obtained from the servicing division and included in the case file if possible.

For referrals outside of DHS a record of the participant's request and the provider's declination of the service (if available) must be included in the participant's file or, in the absence of a provider's declination, the participant may self-certify the declination.

Following are basic support services that are potentially available to program participants. Funding, time, or other program limitations specified may not be exceeded, except in cases where the delegate agency documents the funding source authorization for different support services or service levels. When such support services are provided, each (and all) services provided must be documented in the participant's case file.

Childcare: All applicants requesting or requiring purchased childcare services will first be referred to DHS's Child Care Services Division (CCSD) to determine whether Head start, Pre-Kinder, Homeless Childcare, Our City Cares or other programs are viable options in lieu of childcare. If no other programs are options, the applicant will be required to meet CCSD eligibility tests for income, employment, and training/education status before childcare services may be provided. Full or partial payment of childcare is available only to households that do not have an adult (responsible parent, relative, or guardian) available to provide this service. EDD funds may be used to support participants who meet CCSD eligibility requirements and who are wait-listed by CCSD, but only for the period they are wait-listed. Any participant not meeting CCSD eligibility requirements may request a waiver for a specific period of time, which must be submitted in writing by the delegate agency for a determination by the Director prior to any services being provided. If the division or agency provides childcare internally without purchasing such services from another provider, the provisions of this section do not apply

Food Assistance: Program participants should first seek assistance through community food pantries, including the Food Bank, and other local, state, or federal agencies, and should apply for food stamps, if eligible. If such assistance is unavailable, support for food assistance may be authorized and cannot exceed \$150 per household per year. The non-availability of other support services must be documented in the case file.

Exceptions are allowed in emergency situations, declared natural disasters or catastrophes (e.g. fire or flood) but must be documented in the case file (if one exists) and approved by the Director.

Food Purchases: Delegate agencies and subcontractors may purchase food for participants only if the agency's EDD-approved budget supports the expenditure. Food purchase receipts must be retained by the delegate agency and show the food provider or store where the purchase was made, date of purchase, items purchased, and amount paid. COSA is prohibited by law from reimbursing any taxes paid for the purchase of food or other commodities. When food items are dispersed or consumed, a log must be retained that shows the date, the program purpose, and a roster of those participants attending the program. Each participant should sign the log to verify attendance. Customary refreshments for events or activities (as opposed to meals) may be provided for participants if the delegate agency's EDD-approved budget supports the expenditure. A record of who consumed the refreshments is not required if the cost for such refreshments does not exceed \$25 per event or activity.

Health Care: All participants requiring health care services will be referred to health care providers. Unless required for a specific training or education program (e.g. nursing) EDD does

not cover any health related expense other than medical, dental, vision, and pharmaceutical as specified below. The participant's case file must be documented to show when and to whom the medical referral was made.

Medical, Dental and Vision Care: Program participants may receive EDD support for medical, dental and vision care for participants up to \$100 per visit and a combined maximum of \$300 per year per person. Receipts for services provided must be placed in the participant's case file.

Pharmaceutical Assistance: Program participants may receive EDD support for prescription assistance up to \$150 per year per person.

Rental and Mortgage Assistance: If eligible, all applicants must first apply for assistance through DHS's Community Action Division, as well as any applicable local or state housing programs. Eligible applicants must have proof of rent/mortgage expenses and must also show proof of ability to continue payments after assistance is received. Assistance will first be provided via FEMA if the applicant is eligible. However, EDD allows rental and mortgage assistance for individuals who are not eligible for FEMA assistance provided that household income does not exceed the EDD's income eligibility requirements. Assistance is limited to \$500/year. The non-availability of other support services must be documented in the case file.

Tax Assistance: Any participant requiring assistance preparing their federal income tax return should utilize the Department of Human Services (COSA) no-cost VITA service, provided they meet VITA eligibility requirements.

Transportation: EDD supports bus expenses not to exceed \$20 per month per participant (or the cost of a monthly bus pass) or gas and other automobile expenses of up to \$8 per day and \$40 per week. If mileage reimbursement is allowed, the participant will be required to provide the Division or Agency with proof of liability insurance, and a daily log showing the date, odometer reading and amount of transportation expenses that were incurred. The log must be supported by receipts, coincide with the participant's training schedule, and will be retained by the delegate agency for program review purposes. The participant and a delegate agency staff member must sign the log. Providers may opt to reimburse transportation costs at a flat per diem rate, provided the weekly rate does not exceed \$40. The Director or designee must approve any payment of more than \$40 in one week.

Utility Assistance: Program participants should first seek assistance through all available programs, including Bexar County programs such as CEAP or LI-HEAP, or Projects WARM, REAP, and AGUA and the Affordability Discount Program, which are administered by DHS in conjunction with SAWS and CPS. Individuals must qualify for each particular program based on income. If ineligible for assistance because of income, the Director or designee manager may approve an exception if the individual's income does not exceed 200% of the FPL. In any case, DHS support for utility assistance may not exceed the annual amount per household per year allowed under Project WARM, unless the exception process is followed. The non-availability of other support services must be documented in the case file. Utility assistance is authorized for any form of direct utility assistance to include connection, reconnection, and penalty fees but may not be used for utility deposits. All able-bodied individuals receiving utility assistance are expected to attend a course in personal financial literacy within six months of receiving the assistance.

Work-Related Expenses: EDD support may include, as training expenses, various work-related

expenses that participants may incur while in training. Fees for testing or examinations for licenses or certifications, uniforms and special occupational footwear, tools, clothing, and related training supplies may be authorized to a maximum of \$250 per person per year. Individuals in long-term training for medical and technological occupations are authorized an additional maximum of \$1,000 per person per lifetime for "usual and customary" testing/licensing/certification fees. A maximum of \$1,000 per person per lifetime is authorized for tools that are required by the training provider for long-term training programs in the medical, dental, or automotive fields.

Other Support Services: Agencies may provide other services not specified in the policy by requesting approval from the Director in writing prior to providing such service.

(2) Termination for Cause. Upon Covered Entity's knowledge of a material breach by BA, Covered Entity shall either (a) provide an opportunity for BA to cure the breach in accordance with the terms of the Service Contract or, if the BA does not cure the breach or end the violation within the time for cure specified in the Service Contract, end the violation and terminate this Agreement and the Service Contract; or (b) immediately terminate this Agreement and the Service Contract if BA has breached a material term of this Agreement and cure is not possible. If neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary of the U.S. Department of Health and Human Services.

(3) Effect of Termination.

(a) Except as provided below in paragraph (b) of this Section F(3), upon termination of this Agreement for any reason, BA shall return or destroy all PHI received from the Covered Entity, or created or received by BA on behalf of Covered Entity. This provision shall apply to PHI that is in the possession of BA or its subcontractors or agents. BA shall not retain any copies of PHI.

(b) In the event that BA determines that returning or destroying PHI is infeasible, BA shall provide to Covered Entity written notification of the condition that makes the return or destruction of PHI infeasible. Upon BA's conveyance of such written notification, BA shall extend the protections of this Agreement to such PHI and limit further uses and disclosures of such PHI to those purposes that make its return or destruction infeasible, for so long as BA maintains such PHI.

Attachment VI

- G. Amendment to Comply with Law. The Parties agree to take such action as is necessary to amend this Agreement from time to time as is necessary for Covered Entity to comply with the requirements of the Privacy Rule and HIPAA.

Neither party may assign (whether by operation of law or otherwise) any of its rights or delegate or subcontract any of its obligations under this Agreement without the prior written consent of the other party. Notwithstanding the foregoing, Covered Entity shall have the right to assign its rights and obligations hereunder to any entity that is an affiliate or successor of Covered Entity, without the prior approval of BA.
- P. Entire Agreement. This Agreement constitutes the complete agreement between BA and Covered Entity relating to the matters specified in this Agreement, and supersedes all prior representations or agreements, whether oral or written, with respect to such matters. In the event of any conflict between the terms of this Agreement and the terms of the Service Contract or any such later agreement(s), the terms of this Agreement shall control unless the terms of such Service Contract comply with the federal law and regulations commonly referred to as the Privacy Standards and the Security Standards.
