STATE OF TEXAS
DEPARTMENT OF INFORMATION RESOURCES

CONTRACT FOR SUN MICROSYSTEMS PRODUCTS AND RELATED
SERVICES

Sun Microsystems, Inc.

1. Introduction

A. Parties

This Contract for products and related services is entered into between the State of Texas, acting by and through the Department of Information Resources (hereinafter "DIR") with its principal place of business at 300 West 15th Street, Suite 1300, Austin, Texas 78701, and SUN MICROSYSTEMS, INC., (hereinafter "Vendor"), a Delaware corporation with its principal place of business at 4150 Network Circle, Santa Clara, California 95054.

B. Compliance with Procurement Laws

This Contract is the result of compliance with applicable procurement laws of the State of Texas. DIR issued a solicitation on the Texas Building and Procurement Commission's Electronic State Business Daily, Request for Offer (RFO) DIR-SDD-TMP-097, on November 17, 2006, for Sun Microsystems Products and Related Services. Upon execution of this Contract, a notice of award for RFO DIR-SDD-TMP-097 shall be posted by DIR on the Electronic State Business Daily.

C. Order of Precedence

This Contract; Appendix A, Standard Terms and Conditions For Products and Related Services Contracts; Appendix B, Vendor's Historically Underutilized Businesses Subcontracting Plan; Appendix C, Pricing; Appendix D, Software License Agreement; Appendix E, Service Agreement; Appendix F, Master Lease Agreement; Exhibit 1, Vendor's Response to RFO DIR-SDD-TMP-097, including all addenda; and Exhibit 2, RFO DIR-SDD-TMP-097, including all addenda; are incorporated by reference and constitute the entire agreement between DIR and Vendor. In the event of a conflict between the documents listed in this paragraph, the controlling document shall be this Contract, then Appendix A, then Appendix B, then Appendix C, then Appendix D, then Appendix E, then Appendix F, then Exhibit 1, and finally Exhibit 2. In the event and to the extent any provisions contained in multiple documents address the same or substantially the same subject matter but do not actually conflict, the more recent provisions shall be deemed to have superseded earlier provisions.

2. Term of Contract

The term of this Contract shall be one (1) year commencing on the last date of

approval by DIR and Vendor. Prior to expiration of the original term, DIR and Vendor may extend the Contract, upon mutual agreement, for up to three (3) optional one-year terms.

3. Product and Service Offerings

A. Products

Products available under this Contract are limited to the products described in Appendix C. Vendor may incorporate changes to their product offering; however, any changes must be within the scope of products awarded based on the posting described in Section 1.B above.

B. Services

Services available under this Contract are limited to the services described in Appendix C. Vendor may incorporate changes to their service offering; however, any changes must be within the scope of services awarded based on the posting described in Section 1.B above.

4. Pricing

A. Manufacturer's Suggested Retail Price (MSRP)

MSRP is defined as the product sales price suggested by the manufacturer or publisher of a product.

B. Customer Discount

The minimum Customer discount for all products and services will be the percentage off MSRP as specified in Appendix C.

C. Customer Price

1) The price to the Customer shall be calculated as follows:

$$\text{Customer Price} = \text{MSRP} - \text{Customer Discount}$$

2) Customers purchasing products and services under this Contract may negotiate more advantageous pricing or participate in special promotional offers. In such event, a copy of such better offerings shall be furnished to DIR upon request. Vendor agrees it shall offer and make available this DIR Contract as first choice for all sales of Products and Services identified in Section 3. above to eligible Texas DIR Customers during its term.

3) Vendor agrees to extend to DIR the Western States Contracting Alliance (WSCA) catalog level, standardized discounts in the event DIR standard pricing discounts, contained within Appendix C, are exceeded by the WSCA contract discounts. This extension of competitive volume sales pricing is

Vendor Contract No. _____

intended solely to ensure that DIR will, at a minimum, remain competitive with the standard price rates set for WSCA. DIR may not apply, without the express consent of Vendor, any pre-existing discount structure to the WSCA pricing being offered to DIR by Vendor. In the event that DIR discounts fail to remain competitive to WSCA standardized, catalog level discounts, Vendor shall extend such discounts to DIR. Vendor shall use its commercially reasonable efforts to notify DIR of such WSCA discount change and amend this Contract within thirty (30) days after the amendment to the Vendor's WSCA level discounts. The introduction of the WSCA discounts shall be progressive from the date of execution into the Contract by amendment. Both parties agree that the discounts shall not be retroactive for DIR and shall not extend back to the date that Vendor reduced WSCA catalog discounts. Further the parties agree that DIR, or the State of Texas, does not have the right to audit the WSCA contract held by the Vendor. References to the Vendor's WSCA contract are only contained in this Contract for purposes of referencing the pricing discounts contained therein. Both parties acknowledge that the Vendor's WSCA contract and pricing are readily available to the public and may be freely accessed by the internet for the purposes of validation under the terms and conditions of this Contract.

D. DIR Administrative Fee

The administrative fee specified in Section 5 below shall not be broken out as a separate line item when pricing or invoice is provided to Customer.

E. Shipping and Handling Fees

The price to the Customer under this Contract shall include all shipping and handling fees. Shipments will be Free On Board Customer's destination. No additional fees shall be charged to the Customer for standard shipping and handling. If the Customer requests expedited delivery, Customer will be responsible for any charges for expedited delivery.

F. Tax-Exempt

As per Section 151.309, Texas Tax Code, Customers under this Contract are exempt from the assessment of State sales, use and excise taxes. Further, Customers under this Contract are exempt from Federal Excise Taxes, 26 United States Code Sections 4253(i) and (j).

G. Travel Expense Reimbursement

Pricing for services provided under this Contract are exclusive of any travel expenses that may be incurred in the performance of those services. Travel expense reimbursement may include personal vehicle mileage or commercial coach transportation, hotel accommodations, parking and meals; provided, however, the amount of reimbursement by Customers shall not exceed the amounts authorized by the current State Travel Regulations. Travel time may not be included as part of the amounts payable by Customer for any services rendered under this Contract. The DIR administrative fee specified in Section

Vendor Contract No. _____

5 below is not applicable to travel expense reimbursement. Anticipated travel expenses must be pre-approved in writing by Customer.

H. Changes to Prices

Vendor may change the price of any product or service at any time, based upon changes to the MSRP, but discount levels shall remain consistent with the discount levels specified in this Contract. Price changes shall take effect automatically during the term of this Contract and shall be passed onto the Customer immediately in all quotes issued after the price change takes effect.

5. DIR Administrative Fee

A. The administrative fee to be paid by the Vendor to DIR based on the dollar value of all sales to Customers pursuant to this Contract is one percent (1%). Payment will be calculated for all sales, net of returns and credits. For example, the administrative fee for sales totaling \$100,000 shall be \$1,000. The total Administrative Fee due shall not be less than \$130,000 for any given annual Contract term ("Annual Commitment"). If it is determined during preparation of the final monthly report of an annual Contract term that Vendor has not met its Annual commitment, Vendor will include the additional funds in the check for the final month of the annual Contract term to meet the Annual Commitment. Should this Contract expire or terminate prior to the end of any given annual Contract term, the Annual Commitment due for the Contract term shall be prorated based on the actual number of days of the term. In the event total Customer sales under this Contract reach \$13,000,000 within any given annual Contract term, the administrative fee to be paid by the Vendor shall be decreased to three quarters of one percent (.75%) for the remainder of that annual Contract term.

B. All prices quoted to Customers shall include the administrative fee. DIR reserves the right to change this fee upwards or downwards during the term of this Contract, upon written notice to the Vendor. At the beginning of each annual Contract term, Vendor and DIR may agree to change the administration fee to 2%, and remove the requirement for the Annual Commitment. Any change in the administrative fee shall be incorporated in the price to the Customer in the form of an amendment to this Contract to adjust discounts to account for the change in administrative fee. For example, if the administrative fee is increased by 1%, then discounts will be decreased by 1%.
