AN ORDINANCE 20,550

AN ORDINANCE TO USE THE CITY SANITARY SEWERS BY A CONNECTION OUTSIDE OF THE CITY LIMITS ON THE PETITION OF EPWORTH METHODIST CHURCH

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SAN ANTONIO:-

1. That the petition of Epworth Methodist Church, for a license to use the sanitary sewerage system of the City of San Antonio, is granted hereby, subject to the following precedent conditions:

2. That the permit hereby granted is temporary, and the City reserves the right to revoke same at any time, with or without notice.

3. That the house plumbing and the connection with the City sewer shall be made and maintained at the cost and risk of the Licensee, in conformity with the ordinances of the City of San Antonio.

4. That this permit is intended to cover only the sewerage from the property of the Licensee, as same is now situated on said premises at 2361 Goliad Road, 9 acres out of Division 19, Abst. 22, Survey No. 20, M. G. De Alaniz, County Block 5131, Highland Hills Area and no other person shall be permitted to use the said City Sanitary Sewers through the connection hereby made.

5. That the future owner of the above property shall comply with all the provisions hereof, and the conditions are covenants running with the land.

6. That the use of said sewer connection shall be subject to the regulation of the City of San Antonio, and no use shall be made which might in any way impair the City Sewer System, or cause same to be obstructed or damaged in any manner whatsoever in the opinion of the City Sewer Engineer, whose judgment shall be conclusive.

7. That in consideration of the permit hereby granted, and the service to be rendered, the said Licensee agrees to pay the City of San Antonio, at the office of the License and Dues Collector, in San Antonio, Bexar County, Texas, as a rental charge, the schedule of fees fixed, and to be fixed, by Ordinance of the City of San Antonio, said rental commencing on the date of connection made with the City sanitary sewers; but in the event the permit hereby granted is cancelled, for any reason, the pro rata amount of said rental shall be returned, less any expense incurred by the City in the premises. The City of San Antonio is given a lien on the real estate described herein, to secure the payment of the sewer rental, and the City shall have the right to shut off the City water supply to the premises described herein if the Licensee fails to stop the discharge of sewerage into the City Sewerage System when the City terminates this permit.

8. That the Inspectors of the City shall have free access to the Licensee's premises, and all building situated thereon, during the continuance of this permit and while said premises are connected with said City Sanitary sewers, for the purpose of inspecting the condition of the plumbing and the use of said sewers.

9. The City of San Antonio shall never be liable to the Licensee for pecuniary damage for failure to take and treat the sewerage of the Licensee, and said right of action is waived as a part of the consideration of this permit.

GRANTING JOHN F. PERRY AND A. W. BATTO A PERMIT TO CONSTRUCT, INSTALL AND CONNECT AN EIGHT INCH (8") SEWER MAIN ON CANTRELL STREET TO THE CITY SEWER SYSTEM AT THEIR OWN EXPENSE AND GRANTING PERMISSION TO CHARGE FOR CONNECTIONS THERETO

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SAN ANTONIO:

1. That John F. Perry and A. W. Batto, 211 West Winnipeg Street, hereinafter called "PERMITTEE", are hereby granted by the City of San Antonio a permit and license to construct and connect a sanitary line to the existing sewage system of the City of San Antonio, subject to the following conditions and stipulations:

2. That the City of San Antonio hereby authorizes and grants a permit to said John F. Perry and A. W. Batto to construct and install an eight inch (8") sanitary sewer main in Cantrell Street from Commercial Avenue east a distance of approximately 190 lineal feet.

3. PERMITTEE shall file with the City Sewer Engineer a complete and detailed set of plans and specifications, bearing the approval of a licensed professional engineer, showing the place of connection with the City sewer system, the depth, size, location, gradient, capacity, manholes, T's, Y's, slants and appurtenances of the entire line to be built by them and the same shall not be connected with the City sewer system until the construction has been fully paid for and said construction has been approved and the lines tested, all to the satisfaction of the City Sewer Engineer.

4. This permit hereby granted shall be for sanitary sewers and sewage and no use shall be made thereof which, in the opinion of the City Sewer Engineer, is detrimental to the sewerage system of the City of San Antonio, or which might impair

the function of its sewage treatment plant.

5. Said sewer lines shall when completed and connected with the City Sewer System become the property of the City of San Antonio and a part of its public sewer system.

6. It is expressly understood and agreed by the parties hereto that the sanitary sewer line shall be built by the said PERMITTEE at their own expense and cost, and under no circumstances shall any part or portion of such cost or expense be chargeable to or a claim of any character or kind against, the City of San Antonio.

7. It is further understood and agreed that PERMITTEE shall have the right and privilege in consideration for paying the entire cost of construction of said sewer line to charge and collect from each and every person or corporation desiring to connect with said sewer line constructed hereunder a fee not exceeding Fifty Dollars (\$50.00) for each connection thereto. The exact charge for connections to said line shall be determined by dividing the final construction cost between the number of connections to be made thereto. This charge is to apply to all connections made either directly or indirectly to the above described sewer line. However, it is distinctly understood that the City of San Antonio shall not be responsible for the collection or for payment of any such charges. It is understood further that PERMITTEE shall be limited in their charges for connections to said sewer line to an amount equal to the total cost of the installation, and it is further agreed that PERMITTEE shall, within ten (10) days following the completion of said sewer line, file with the Director of Public Works a sworn statement setting out the total cost of such installation.

8. PERMITTEE further agrees that charges for connections to the above described sewer line shall be made without exception and connections made to property owned by PERMITTEE shall be computed in the amortization of construction costs.

9. Said PERMITTEE agrees to assume all responsibility and to protect said City from any and all damages or liabilities that might be caused by the installation, connection or construction of said above described sewer line and further agrees that in the event any type of court action is brought against the City upon its refusal to permit a connection to said sewer line without prior payment to PERMITTEE of the appropriate charge therefor, or of the City is sued for damages due to its refusal to allow connections to said sewer rights based on this contract, PERMITTEE will hold the City free and harmless and will promptly intervene in any such lawsuit or court action and will defend the same at its own cost and expense.

10. PERMITTEE agrees to submit a statement to the City Sewer Engineer reflecting all connections made to said sewer lines within thirty (30) days from date of connections to the City sewers and shall keep and maintain in their office a complete and detailed record of any and all connections made to said line and the same shall be open for inspection by authorized representatives of the City during regular business hours.

11. Failure upon the part of PERMITTEE to comply with any of the conditions and stipulations contained in this permit shall constitute a forfeiture of its right to collect the fees hereinabove provided.

12. This contract shall become effective upon adoption by the contracting parties, and all agreements, if any, existing heretofore between the contracting parties relating to the subject matter of this instrument, are superseded expressly by this contract and shall be null and void.

13. This writing constitutes the entire contract between the parties hereto, there being no other written nor any parole agreement with any officer or employee of the City of San Antonio, it being understood that the Charter of the City of San Antonio requires all contracts of the City to be in writing and adopted by ordinance.

14. The City Council of the City of San Antonio having authorized the execution of this instrument by the undersigned as the act of said City, the same is hereby executed this 6th day of October A. D. 1954.

GRANTING LUTHER E. BECK A PERMIT TO CONSTRUCT, INSTALL
AND CONNECT AN EIGHT INCH (8") SEWER MAIN ON VESTAL
PLACE TO THE CITY SEWER SYSTEM AT HIS OWN EXPENSE AND
GRANTING PERMISSION TO CHARGE FOR CONNECTIONS THERETO

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SAN ANTONIO:

1. That Luther E. Beck, 619 Clovis Place, hereinafter called "PERMITTEE", is hereby granted by the City of San Antonio a permit and license to construct and connect a sanitary sewer line to the existing sewage system of the City of San Antonio, subject to the following conditions and stipulations:

2. That the City of San Antonio hereby authorizes and grants a permit to said Luther E. Beck to construct and install an eight inch (8") sanitary sewer main in Vestal Place from the terminus of the existing sewer main located in front of 903 Vestal Place, N.C.B. 9415, and extending westward to a point in front of house number 939 Vestal Place, a distance of approximately 500 lineal feet.

3. PERMITTEE shall file with the City Sewer Engineer a complete and detailed set of plans and specifications, bearing the approval of a licensed professional engineer, showing the place of connection with the City sewer system, the depth, size, location, gradient, capacity, manholes, T's, Y's, slants and appurtenances of the entire line to be built by them and the same shall not be connected with the City sewer system until the construction has been fully paid for and said construction has been approved and the lines tested, all to the satisfaction of the City Sewer Engineer.

4. This permit hereby granted shall be for sanitary sewers and sewage and no use shall be made thereof which, in the opinion of the City Sewer Engineer, is detrimental to the sewerage system of the City of San Antonio, or which might impair the function of its sewage treatment plant.

5. Said sewer lines shall when completed and connected with the City Sewer System become the property of the City of San Antonio and a part of its public sewer system.

6. It is expressly understood and agreed by the parties hereto that the sanitary sewer line shall be built by the said PERMITTEE At his own expense and cost, and under no circumstances shall any part or portion of such cost or expense be chargeable to or a claim of any character or kind against, the City of San Antonio.

7. It is further understood and agreed that PERMITTEE shall have the right and privilege in consideration for paying the entire cost of construction of said sewer line to charge and collect from each and every person or corporation desiring to connect with said sewer line constructed hereunder a fee not exceeding Fifty Dollars (\$50.00) for each connection thereto. The exact charge for connections to said line shall be determined by dividing the final construction cost between the number of connections to be made thereto. This charge is to apply to all connections made either directly or indirectly to the above described sewer line. However, it is distinctly understood that the City of San Antonio shall not be responsible for the collection or for payment of any such charges. It is understood further that PERMITTEE shall be limited in their charges for connections to said sewer line to an amount equal to the total cost of the installation, and it is further agreed that PERMITTEE shall, within ten (10) days following the completion of said sewer line, file with the Director of Public Works a sworn statement setting out the total cost of such installation.

8. PERMITTEE further agrees that charges for connections to the above described sewer line shall be made without exception and connections made to property owned by PERMITTEE shall be computed in the amortization of construction costs.

9. Said PERMITTEE agrees to assume all responsibility and to protect said City from any and all damages or liabilities that might be caused by the installation, connection or construction of said above described sewer line and further agrees that in the event any type of court action is brought against the City upon its refusal to permit a connection to said sewer line without prior payment to PERMITTEE of the appropriate charge therefor, or if the City is sued for damages due to its refusal to allow connections to said sewer rights based on this contract, PERMITTEE will hold the City free and harmless and will promptly intervene in any such lawsuit or court action and will defend the same at its own cost and expense.

10. PERMITTEE agrees to submit a statement to the City Sewer Engineer reflecting all connections made to said sewer lines within thirty (30) days from date of connections to the City sewers and shall keep and maintain in their office a complete and detailed record of any and all connections made to said line and the same shall be open for inspection by authorized representatives of the City during regular business hours.

11. Failure upon the part of PERMITTEE to comply with any of the conditions and stipulations contained in this permit shall constitute a forfeiture of its right to collect the fees hereinabove provided.

12. This contract shall become effective upon adoption by the contracting parties, and all agreements, if any, existing heretofore between the contracting parties relating to the subject matter of this instrument, are superseded expressly by this contract and shall be null and void.

13. This writing constitutes the entire contract between the parties hereto, there being no other written nor any parole agreement with any officer or employee of the City of San Antonio, it being understood that the Charter of the City of San Antonio requires all contracts of the City to be in writing and adopted by ordinance.

14. The City Council of the City of San Antonio having authorized the execution of this instrument by the undersigned as the act of said City, the same is hereby executed this 7th day of October, 1954.

AN ORDINANCE TO USE THE CITY SANITARY SEWERS BY A CONNECTION OUTSIDE OF THE CITY LIMITS ON THE PETITION OF FRED MAY BUILDING, INC.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SAN ANTONIO:

1. That the petition of Fred May Builder, Inc. for a license to use the sanitary sewerage system of the City of San Antonio, is granted hereby, subject to the following precedent conditions:
2. That the permit hereby granted is temporary, and the City reserves the right to revoke same at any time, with or without notice.
3. That the house plumbing and the connection with the City sewer shall be made and maintained at the cost and risk of the Licensee, in conformity with the ordinances of the City of San Antonio.
4. That this permit is intended to cover only the sewerage from the property of the Licensee, as same is now situated on said premises at 203 Sunnycrest, Lot 19, Block 39, Inspiration Hills (County Block 4434) and no other person shall be permitted to use the said City Sanitary Sewers through the connection hereby made.
5. That the future owner of the above property shall comply with all the provisions hereof, and the conditions are covenants running with the land.
6. That the use of said sewer connection shall be subject to the regulation of the City of San Antonio, and no use shall be made which might in any way impair the City Sewer System, or cause same to be obstructed or damaged in any manner whatsoever, in the opinion of the City Sewer Engineer, whose judgment shall be conclusive.
7. That in consideration of the permit hereby granted, and the service to be rendered, the said Licensee agrees to pay the City of San Antonio, at the office of the License and Dues Collector, in San Antonio, Bexar County, Texas, as a rental charge, the schedule of fees fixed, and to be fixed, by Ordinance of the City of San Antonio, said rental commencing on the date of connection made with the City sanitary sewers; but in the event the permit hereby granted is cancelled, for any reason, the pro rata amount of said rental shall be returned, less any expense incurred by the City in the premises. The City of San Antonio is given a lien on the real estate described herein, to secure the payment of the sewer rental, and the City shall have the right to shut off the City Water supply to the premises described herein if the Licensee fails to stop the discharge of sewerage into the City Sewerage System when the City terminates this permit.

8. That the Inspectors of the City shall have free access to the Licensee's premises, and all buildings situated thereon, during the continuance of this permit and while said premises are connected with said City Sanitary Sewers, for the purpose of inspecting the condition of the plumbing and the use of said sewers.

9. The City of San Antonio shall never be liable to the Licensee for pecuniary damage for failure to take and treat the sewerage of the Licensee, and said right of action is waived as a part of the consideration of this permit.

GRANTING EDGEWOOD INDEPENDENT SCHOOL DISTRICT A
 PERMIT TO CONSTRUCT, INSTALL AND CONNECT AN EIGHT
 INCH (8") SEWER MAIN ON LANCE STREET AT ITS OWN
 EXPENSE AND GRANTING PERMISSION TO CHARGE FOR
 CONNECTIONS THERETO

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SAN ANTONIO:

1. That the Edgewood Independent School District, 525 Cupples Road, hereinafter called "PERMITTEE", is hereby granted by the City of San Antonio a permit and license to construct and connect a sanitary sewer line to the existing sewage system of the City of San Antonio, subject to the following conditions and stipulations:
2. That the City of San Antonio hereby authorizes and grants to said Edgewood Independent School District a permit to construct and install an eight inch (8") sanitary sewer main in Lance Street, from 34th Street to 36th Street.
3. PERMITTEE shall file with the City Sewer Engineer a complete and detailed set of plans and specifications, bearing the approval of a licensed professional engineer, showing the place of connection with the City sewer system, the depth, size, location, gradient, capacity, manholes, T's, Y's, slants and appurtenances of the entire line to be built by it and the same shall not be connected with the City sewer system until the construction has been fully paid for and said construction has been approved and the lines tested, all to the satisfaction of the City Sewer Engineer.
4. This permit hereby granted shall be for sanitary sewers and sewage and no use shall be made thereof which, in the opinion of the City Sewer Engineer, is detrimental to the sewerage system of the City of San Antonio, or which might impair the function of its sewage treatment plant.
5. Said sewer lines shall when completed and connected with the City Sewer System become the property of the City of San Antonio and a part of its public sewer system.
6. It is expressly understood and agreed by the parties hereto that the sanitary sewer line shall be built by the said PERMITTEE at its own expense and cost, and under no circumstances shall any part or portion of such cost or expense be chargeable to or a claim of any character or kind against, the City of San Antonio.
7. It is further understood and agreed that PERMITTEE shall have the right and privilege in consideration for paying the entire cost of construction of said sewer line to charge and collect from each and every person or corporation desiring to connect with said sewer line constructed hereunder a fee not exceeding Fifty Dollars (\$50.00) for each connection thereto. The exact charge for connections to said line shall be determined by dividing the final construction cost between the number of connections to be made thereto. This charge is to apply to all connections made either directly or indirectly to the above described sewer line. However, it is distinctly understood that the City of San Antonio shall not be responsible for the collection or for payment of

any such charges. It is understood further that PERMITTEE shall be limited in their charges for connections to said sewer line to an amount equal to the total cost of the installation, and it is further agreed that PERMITTEE shall, within ten (10) days following the completion of said sewer line, file with the Director of Public Works a sworn statement setting out the total cost of such installation.

8. PERMITTEE further agrees that charges for connections to the above described sewer line shall be made without exception and connections made to property owned by PERMITTEE shall be computed in the amortization of construction costs.

9. Said PERMITTEE agrees to assume all responsibility and to protect said City from any and all damages or liabilities that might be caused by the installation, connection or construction of said above described sewer line and further agrees that in the event any type of court action is brought against the City upon its refusal to permit a connection to said sewer line without prior payment to PERMITTEE of the appropriate charge therefor, or if the City is sued for damages due to its refusal to allow connections to said sewer rights based on this contract, PERMITTEE will hold the City free and harmless and will promptly intervene in any such lawsuit or court action and will defend the same at its own cost and expense.

10. PERMITTEE agrees to submit a statement to the City Sewer Engineer reflecting all connections made to said sewer lines within thirty (30) days from date of connections to the City sewers and shall keep and maintain in its office a complete and detailed record of any and all connections made to said line and the same shall be open for inspection by authorized representatives of the City during regular business hours.

11. Failure upon the part of PERMITTEE to comply with any of the conditions and stipulations contained in this permit shall constitute a forfeiture of its right to collect the fees hereinabove provided.

12. This contract shall become effective upon adoption by the contracting parties, and all agreements, if any, existing heretofore between the contracting parties relating to the subject matter of this instrument, are superseded expressly by this contract and shall be null and void.

13. This writing constitutes the entire contract between the parties hereto, there being no other written nor any parole agreement with any officer or employee of the City of San Antonio, it being understood that the Charter of the City of San Antonio requires all contracts of the City to be in writing and adopted by ordinance.

14. The City Council of the City of San Antonio having authorized the execution of this instrument by the undersigned as the act of said City, the same is hereby executed this 14th day of October A. D. 1954.

AN ORDINANCE TO USE THE CITY SANITARY SEWERS BY
A CONNECTION OUTSIDE OF THE CITY LIMITS ON THE
PETITION OF BURL TAYLOR BOYETT

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SAN ANTONIO:

1. That the petition of Mr. and Mrs. Burl Taylor and Jeffie Mae Boyett for a license to use the sanitary sewerage system of the City of San Antonio, is granted hereby, subject to the following precedent conditions:

2. That the permit hereby granted is temporary, and the City reserves the right to revoke same at any time, with or without notice.

3. That the house plumbing and the connection with the City sewer shall be made and maintained at the cost and risk of the Licensee, in conformity with the ordinances of the City of San Antonio.

4. That this permit is intended to cover only the sewerage from the property of the Licensee, as same is now situated on said premises at 4412-4416 S. Gevers, South 75 ft. of Lots 1 and 2, County Block 5155 Highland Gardens and no other person shall be permitted to use the said City Sanitary Sewers through the connection hereby made.

5. That the future owner of the above property shall comply with all the provisions hereof, and the conditions are covenants running with the land.

6. That the use of said sewer connection shall be subject to the regulation of the City of San Antonio, and no use shall be made which might in any way impair the City Sewer System, or cause same to be obstructed or damaged in any manner whatsoever, in the opinion of the City Sewer Engineer, whose judgment shall be conclusive.

7. That in consideration of the permit hereby granted, and the service to be rendered, the said Licensee agrees to pay the City of San Antonio, at the office of the License and Dues Collector, in San Antonio, Bexar County, Texas, as a rental charge, the schedule of fees fixed, by ordinance of the City of San Antonio, said rental commencing on the date of connection made with the City sanitary sewers; but in the event the permit hereby granted is cancelled, for any reason, the pro rata amount of said rental shall be returned, less any expense incurred by the City in the premises. The City of San Antonio is given a lien on the real estate described herein, to secure the payment of the sewer rental, and the City shall have the right to shut off the City water supply to the premises described herein if the Licensee fails to stop the discharge of sewerage into the City Sewerage System when the City terminates this permit.

8. That the Inspectors of the City shall have free access to the Licensee's premises and all buildings situated thereon, during the continuance of this permit and while said premises are connected with said City Sanitary Sewers, for the purpose of inspecting the condition of the plumbing and the use of said sewers.

9. The City of San Antonio shall never be liable to the Licensee for pecuniary damage for failure to take and treat the sewerage of the Licensee, and said right of action is waived as a part of the consideration of this permit.

GRANTING A. SACKS A PERMIT TO CONSTRUCT, INSTALL AND CONNECT AN EIGHT INCH (8") SEWER MAIN ON ILLG STREET TO THE CITY SEWER SYSTEM AT HIS OWN EXPENSE AND GRANTING PERMISSION TO CHARGE FOR CONNECTIONS THERETO

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SAN ANTONIO:

1. That A. Sacks, 214 South Laredo Street, hereinafter called "PERMITTEE", is hereby granted by the City of San Antonio a permit and license to construct and connect a sanitary sewer line to the existing sewage system of the City of San Antonio, subject to the following conditions and stipulations:

2. That the City of San Antonio hereby authorizes and grants a permit to said A. Sacks to construct and install an eight inch (8") sanitary sewer main in Illg Street, from its intersection with Rife Street east a distance of approximately 230 Lineal feet.

3. PERMITTEE shall file with the City Sewer Engineer a complete and detailed set of plans and specifications, bearing the approval of a licensed professional engineer, showing the place of connection with the City Sewer System, the depth, size, location, gradient, capacity, manholes, T's, Y's, slants and appurtenances of the entire line to be built by him and the same shall not be connected with the City sewer system until the construction has been fully paid for and said construction has been approved and the lines tested, all to the satisfaction of the City Sewer Engineer.

4. This permit hereby granted shall be for sanitary sewers and sewage and no use shall be made thereof which, in the opinion of the City Sewer Engineer, is detrimental to the sewerage system of the City of San Antonio, or which might impair the function of its sewage treatment plant.

5. Said sewer line shall when completed and connected with the City Sewer System become the property of the City of San Antonio and a part of its public sewer system.

6. It is expressly understood and agreed by the parties hereto that the sanitary sewer line shall be built by the said PERMITTEE at his own expense and cost, and under no circumstances shall any part or portion of such cost or expense be chargeable to or a claim of any character or kind against, the City of San Antonio.

7. It is further understood and agreed that PERMITTEE shall have the right and privilege in consideration for paying the entire cost of construction of said sewer line to charge and collect from each and every person or corporation desiring to connect with said sewer line constructed hereunder a fee not exceeding Fifty Dollars (\$50.00) for each connection thereto. The exact charge for connections to said line shall be determined by dividing the final construction cost between the number of connections to be made thereto. This charge is to apply to all connections made either directly or indirectly to the above described sewer line. However, it is distinctly understood that the City of San Antonio shall not be responsible for the collection or for payment of any such charges. It is understood further that PERMITTEE shall be limited in their charges for connections to said sewer line to an amount equal to the total cost of the installation, and it is further agreed that PERMITTEE shall, within ten (10) days following the completion of said sewer line, file with the Director of Public Works a sworn statement setting out the total cost of such installation, and after the same has been accepted and approved, it shall be attached hereto and made a part hereof.

8. PERMITTEE further agrees that charges for connections to the above described sewer line shall be made without exception and connections made to property owned by PERMITTEE shall be computed in the amortization of construction costs.

9. Said PERMITTEE agrees to assume all responsibility and to protect said City from any and all damages or liabilities that might be caused by the installation, connection or construction of said above described sewer line and further agrees that in the event any type of court action is brought against the City upon its refusal to permit a connection to said sewer line without prior payment to PERMITTEE of the appropriate charge therefor, or if the City is sued for damages due to its refusal to allow connections to said sewer rights based on this contract, PERMITTEE will hold the City free and harmless and will promptly intervene in any such lawsuit or court action and will defend the same at his own cost and expense.

10. PERMITTEE agrees to submit a statement to the City Sewer Engineer reflecting all connections made to said sewer lines within thirty (30) days from date of connections to the City sewers and shall keep and maintain in his office a complete and detailed record of any and all connections made to said line and the same shall be open for inspection by authorized representatives of the City during regular business hours.

11. Failure upon the part of PERMITTEE to comply with any of the conditions and stipulations contained in this permit shall constitute a forfeiture of his right to collect the fees hereinabove provided, and this permit shall not be conveyed or assigned.

12. This contract shall become effective upon adoption by the contracting parties, and all agreements, if any, existing heretofore between the contracting parties relating to the subject matter of this instrument, are superseded expressly by this contract and shall be null and void.

13. This writing constitutes the entire contract between the parties hereto, there being no other written nor any parole agreement with any officer or employee of the City of San Antonio, it being understood that the Charter of the City of San Antonio requires all contracts of the City to be in writing and adopted by ordinance.

14. The City Council of the City of San Antonio having authorized the execution of this instrument by the undersigned as the act of said City, the same is hereby executed this 28th day of October A. D. 1954.
