In response to questions by Mr. Webb, Mr. Jack Spruce, General Manager of City Public Service, stated that the bonds for which approval is being sought today are part of the bonds necessary to continue capital improvements to the City Public Service system, and that approximately two-thirds of the cost involves the South Texas Nuclear Project. He further stated that the sale of these bonds would raise San Antonio's involvement in the South Texas Nuclear Project to some \$600 million. He stated that Unit One of STNP is now some 50 percent complete, and spoke to projections of the estimated completion date of the project and its total costs, noting that new cost projections are to be ready in about one month.

Mr. Spruce also spoke to recent personnel turbulence at the project site, including the laying off of some employees and the reinstatement of some.

Mr. Webb stated his concern that San Antonio has no decision-making power on the project and noted that he had been told that Unit Two construction has been hampered by a lack of construction equipment on site. He further stated that he would be voting against the Ordinance today, and predicted that STNP would not be able to project electrical power to San Antonio before 1990.

Mr. Thompson spoke to his concern in voting for these bonds until he receives the latest data on the STNP Project, and spoke of a previous request for information sought from Mr. Jesse Poston, Assistant General Manager of Operations of City Public Service.

The Clerk read the following Ordinance:

AN ORDINANCE 54,166

AUTHORIZING THE CITY MANAGER TO APPROVE OR DISAPPROVE CHANGE ORDERS RELATING TO PUBLIC WORKS CONSTRUCTION CONTRACTS IN THE AMOUNT OF \$15,000.00 OR LESS.

* * * *

Mrs. Dutmer moved to approve the Ordinance. Mr. Canavan seconded the motion.

In response to a question by Mr. Alderete, Mr. Kiolbassa, Director of Public Works, explained what is meant by a change order.

Mr. Alderete expressed concern regarding what has been occurring among contractors when submitting purposely low bids. He stated that there is an Ordinance with reference to more contracts going to small businesses and minority businesses and requested staff to keep copies of reports of the track record of the accomplishments related to this Ordinance.

After discussion, the motion carrying with it the passage of the Ordinance, prevailed by the following vote: AYES: Berriozabal, Dutmer, Wing, Eureste, Thompson, Alderete, Canavan, Cisneros; NAYS: None; ABSENT: Webb, Archer, Hasslocher.

81-42

DREXEL AVENUE

Mr. Frank Kiolbassa, Director of Public Works, explained that it's the policy of the City to replace what is there.

81-42 The Clerk read the following Ordinance:

AN ORDINANCE 54,167

RECONVENING A PUBLIC HEARING FOR FINAL DETERMINATION CONCERNING THE APPLICATION OF GATEWAY WATER CORPORATION TO INCREASE WATER AND SEWER RATES.

* * * *

Mr. Alderete made a motion to deny the Ordinance. The motion died for lack of a second.

Mr. Canavan made a motion to approve the Ordinance. Mrs. Dutmer seconded the motion.

Mr. Roger Ibarra, Supervisor of Public Utilities, explained that this hearing originally had been postponed because more than just water service was at stake, and noted that the question of garbage collection by the firm still has not been settled. He also stated that the City Council needs to act today on his staff's recommendations because of the time constraints of the law governing the matter.

In response to a question by Mr. Thompson, Mr. Ibarra stated that if the Council does not act today on the matter, the utility receives automatic approval of its requested higher rates.

Mr. Thompson stated that he would have liked to question representatives of the utility today, and addressed the profit projections in the request, stating that he feels that there is too much profit for the firm in allowing it to have its requested 44 per cent increase.

Mr. Ibarra then briefly explained the firm's request and his recommendations for a lower profit return.

Mr. Thompson stated that he favored something on the order of a 33 per cent increase rather than the requested 44 per cent, and commended Mr. Ibarra and his staff for the good job in handling this matter.

Mr. Thompson then made an amendment to the motion to grant a 9.8 per cent increase in lieu of the recommended 21.8 per cent figure for water service, and to grant a 66.2 per cent increase in lieu of the recommended 85.4 per cent figure for sewer service. The motion died for lack of a second.

In response to a series of questions by Mr. Eureste, Mr. Ibarra discussed the firm's ownership, number of customers served, differences in the requested and the recommended increases, storage facilities and compliance with existing state laws.

A brief discussion then took place relative to possible purchase of the firm by the City, during which Mr. Eureste stated his belief that small water companies such as this should not be allowed to expand over their present service level. He asked Mr. Ibarra to report back to the City Council in 90 days whether or not the firm is performing within the law.

Mayor Cisneros spoke to a lack of capitalization preventing small firms such as this from expanding to meet additional demands placed upon it by more development within its service area.

Mrs. Dutmer stated that residents will not locate their homes where water service isn't either available, adequate or too costly.

Mr. Frank Kiolbassa, Director of Public Works, stated that Gateway Water Corporation pays the City of San Antonio some \$41,800 annually to tie into our sewage collection system, and at present owes the City for the past two to three months of such service.

A brief discussion of possible alternatives in the issue was then held.

Mr. Eureste stated his belief that the City of San Antonio needs to consider the possible takeover of the firm.

Mr. Thompson then made a substitute motion to deny any increase. Mr. Alderete seconded the motion.

After discussion, the substitute motion prevailed by the following vote:
 AYES: Dutmer, Wing, Eureste, Thompson, Alderete, Cisneros;
 NAYS: Berriozabal, Webb, Canavan, Archer; ABSENT: Hasslocher.

The original motion as substituted carried by the following vote:

At this point, City staff passed out to each Council member copies of the "Texas Department of Human Resources Interim Period Funding Plan", and a discussion was held on that plan.

At this point in the meeting, Mayor Cisneros returned to the meeting and presided.

In response to a question by Mr. Eureste, Mr. Donahue and Ms. Blanche Russ, Parent-Child, Inc., spoke to the fact that some 70 children currently are in 'day homes', which the Texas Department of Human Resources will cease funding in September. He spoke to the possibility of placing some 40 children in these 'day homes' into the Headstart Program, leaving some 30 younger children of working parents at the moment without care. Mr. Eureste spoke of the federal government caring for its military veterans who are wounded in the line of duty and stated his belief that the City should do the same with its police officers.
