AN ORDINANCE *OF-6*

Amending an ordinance passed and approved on December 3rd 1915 so that the same shall provide for loans to the City evidenced by notes payable at fixed dates and otherwise conforming to regulations of the federal reserve banks.

BE IT ORDAINED BY THE COMMISSIONERS OF THE CITY OF SAN ANTONIO:

WHEREAS a certain ordinance of this City was passed and approved on December 3rd 1915 entitled as follows: "An Ordinance Providing a reorganization of the general financial system of the City, including the collection, keeping, auditing, management and disbursement of the funds, revenues and moneys of the City, and the accounts to be kept therefor, and for the borrowing of money by the City, and also containing other provisions in connection with said matters". And said ordinance among other things provided for the issuance of notes of the City payable "on or before June 15th following the fiscal year in which the loans are negotiated" and contained other provisions involving the idea of "on or before" payment of such loans and notes; and

WHEREAS by the banking regulations of the United States government only notes or other paper of the City with fixed dates of maturity can be taken by the federal reserve banks; and the Commissioners deem it for the best interests of the City to amend said ordinance of December 3rd 1915 in said respect and otherwise so as to make all notes and other papers evidencing such loans to the City conform to said regulations;

Now Therefore Be It Further Ordained

SECTION ONE: That paragraphs (m) and (n) of SECTION FOURTEEN of said ordinance of December 3rd 1915 be and the same are hereby amended so that the same shall hereafter read as follows:

(m) When so required by any depository or other lender by preliminary agreement or by subsequent written notice delivered to the Auditor, the Commissioners or governing body of said City shall by ordinance promptly authorize, direct and cause the issuance of notes of the City evidencing any loan or loans made to the City or placed to the credit of the City as herein provided, or covering the aggregate amount of any city warrants theretofore required and held by any City depository, or covering the amounts of any

matured and outstanding notes which the City may find it necessary to renew because of insufficient collections; and such notes shall thereupon be prepared by the Auditor, and signed by the Mayor in the name of the City of San Antonio, and shall be attested by the City Clerk with the seal of the City attached; and the City Clerk shall record each such note in full in the contract book or ordinance records of the City at the time when he shall attest the same, and on each such note shall appear above said signature of the City Clerk the words "Attested and Recorded"; and the City Clerk shall then deliver such notes to the Auditor, who shall thereupon approve the same in writing and deliver the same to the Treasurer, who, after making proper entries in the books and accounts of the Treasurers Office, shall countersign the same and upon the amount of such loan being duly paid or credited to the City, shall deliver such notes to the lender or to City depository in which the loan evidenced by such note was placed to the credit of the City; and the City shall thereupon be fully liable for the payment of each note according to its face, tenor and effect

All such notes of the City shall be executed as far as practicable in compliance with the regulations of the Federal Reserve Banks and shall have attached thereto:

(1st) A certified copy of the City ordinance specially authorizing the loan;

(2nd) A certificate signed by the City Clerk and approved by the Mayor showing that the issuance of the note was duly authorized;

(3rd) A certified opinion of the City Attorney that the note in question is a legal issue and obligation of the City;

(4th) A certificate of facts to be made and signed by the Commissioner of Taxation, as ex-officio City Treasurer, and by the City Auditor, showing (a) that the note was issued in payment of current liabilities of the City; (b) that the revenues of the City will be sufficient to pay off said note and all similar obligations and current expenditures; (c) that the City has not defaulted in the payment of principal or interest of its funded debt; (d) that the funded indebtedness of the City is _____

_____ (specifying amount) _____ Dollars and that such amount is less than ten per cent of the valuation of the property subject to taxation by said City; (e) that the aggregate amount of such taxable property for the last preceding fiscal year was _____ (specifying amount) _____ Dollars, and that for the current fiscal year the valuation of the property subject to taxation by said City will not be less than said amount; (f) that the aggregate amount of such note together with all other similar notes and City warrants for the current year and all prior years, now issued and outstanding, is _____ (specifying amount) _____ Dollars; (g) that the population of the City of San Antonio is over one hundred thousand (1910 census 96,614); and (h) that penalty for non-payment of taxes attaches each year on June 1st, the City fiscal year beginning on that date; and all of said instruments shall conform as nearly as may be to the regulations for such matters made and provided by authority of the United States government in connection with the Federal Reserve Banks.

(n) Each such loan to the City shall be and become payable to the lender, or its or his order, at the City depository by or through which such loan is credited to the City, and shall be and become payable on some date to be fixed by the ordinance authorizing such loan; and all notes evidencing such loans shall be drawn in conformity herewith; and the dates of maturity of such loans or notes and the amounts for which same are made shall be so arranged as to anticipate as closely as possible the collections of the taxes and revenues of the City, so that on the maturity dates of such loans or notes, funds may be available and be promptly applied to the payment thereof; and to said end, and when so ordered, notes for several amounts may be issued to make up the aggregate amount of any

authorized loan, and such notes may be made payable at different dates; and as such loans mature, the City shall by ordinance order that the collections pledged to secure the same be applied to the payment of such loans, describing in such ordinance the loans or the notes if any; and city warrants and Treasurer's checks shall thereupon be drawn as in other cases making payments on such loans; and in case there are several lenders to whom such collections are pledged, but not enough of such collections at the time to pay all such matured obligations, then upon written and signed request made by the payee or holder of such loan or note and presented to the Mayor at any time before the date of the maturity of such obligations, each such lender shall be entitled to receive partial payment from all available collections on the loan or loans made to the City by such lender in the ratio of such loan or loans to the total of the amounts borrowed by the City and evidenced by matured obligations for the payment of which such collections are pledged; provided however that no partial payment shall ever be made by the City to be credited on any outstanding and unsurrendered note of the City issued for any such loan; but if any partial payment be demanded as aforesaid, the notes or other paper upon which such partial payments are to be applied shall in all cases be produced and surrendered to the City and such partial payments thereupon made, and all such business shall be conducted the same as for notes fully paid, and new notes shall upon the surrender of such previous notes be duly issued by the City as herein ~~xxx~~ provided for the unpaid balance of such indebtedness; and such new or renewal notes shall in all cases be secured by the same lien as the notes produced and surrendered.

Section Two: That said ordinance of December 3rd, 1915, be and the same is hereby amended by adding to Section Nineteen thereof the following paragraph:

This ordinance, together with all amendments of any part or provision thereof, or addition thereto, made after December 3rd, 1915, shall be known collectively as the "Finances Ordinances" of the City which term, unless otherwise specified, whenever used in City documents shall include and refer to said original ordinance of the City of San Antonio and all amendments thereof.
