The Mayor thanked Mrs. Clark for the copy and extended appreciation for the fine work the League is doing in making citizens aware of their responsibilities.

64-351 Next heard was Case No. 2288, to rezone Lot 1, NCB 11960, located southeast of the intersection of Parkridge Avenue and Jones-Maltsberger Road, from "D" Apartment District to "E" Office District.

Assistant Planning Director Burt Lawrence explained the proposed change which was recommended by the Planning Commission.

Mr. Lawrence, at the City Manager's request, explained the Planning Staff's recommendation that the property remain "D" Apartment District.

No one asked to speak in opposition.

After discussion, Mrs. Cockrell made a motion that the recommendation of the Planning Commission be overruled and deny the rezoning. Seconded by Mr. Gatti, the motion failed by the following vote: AYES: Cockrell, Gatti and Bremer; NAYS: McAllister, de la Garza, Jones and Padilla; ABSENT: Kaufman and Parker.

Since the motion to deny the rezoning as well as the motion to approve it failed because of a lack of five affirmative votes, it was felt that under the circumstances it would place an undue hardship on the applicant to require him to wait for six months before he could make another application.

In view of this, Mrs. Cockrell made a motion that the Council reconsider its action in Case No. 2288. Seconded by Mr. Jones, the motion prevailed by the following vote: AYES: McAllister, de la Garza, Jones, Cockrell, Padilla and Bremer; NAYS: None; ABSENT: Gatti and Parker; ABSTAINING: Kaufman.

The Council then studied land uses in the area as shown on an aerial map, and considered whether in this particular case "E" Office District would be more detrimental to adjacent land than the existing "D" zone.

The Mayor asked if anyone wished to speak on the matter. No one requesting to be heard, Mrs. Cockrell then made a motion that the recommendation of the Planning Commission to grant the change in zone in Case No. 2288 be approved. Seconded by Mr. de la Garza, the motion, carrying with it the passage of the following ordinance, prevailed by the following vote: AYES: McAllister, de la Garza, Jones, Cockrell, Padilla, Bremer; NAYS: None; ABSENT: Gatti and Parker; ABSTAINING: Kaufman.

Assistant Planning Director Lawrence explained the proposed change which was recommended by the Planning Commission.

City Manager Shelley stated that the original plan was for property along this section south of Zarzamora was to be residential, but it is apparent the intention of the Planning Commission is to revise the plan since it now recommended the change.

Mr. Luis Cruz, the applicant, presented the site plan to the Council along with a detailed sketch of the building to be constructed for a grocery store and meat market to be located on the northeast corner of the property. He said that in the re-platting he had dedicated 5' for the widening of Vickers Street in addition to dedication of radius on the corners. Off-street parking would be provided along the front and some on the side. He felt that the proposed construction would enhance property values rather than lower the value of property.

64-360 Next taken up was Zoning Case No 2281, to rezone Lot 1, NCB 8706, located northeast of the intersection of Blakely Drive and Exeter Street, from "B" Residence District to "D" Apartment District.

Assistant Planning Director Burt Lawrence explained the proposed change which the Planning Commission recommended be denied by the City Council.

The applicant, Mr. Michael C. Whalen, described the property, its contour, and the proposed apartments. At the hearing before the Planning Commission the only party who appeared was Mr. Earl Wentworth, who raised questions but did not in fact oppose the change. Mr. Whalen presented detailed plans of the 13-unit apartment project which showed a portion to be one-story in height with a 15-foot side yard set back to protect the adjacent property. All parking is to be underground and access will be from the alley to north. Parking will be kept from the outside and off the street to which the neighbors object. He offered to enter into a binding contract with adjacent owners to guarantee that the 15-foot side yard setback requirement would be enforced.

Since the change in zone, if approved, will not be subject to compliance of the proposal, Mr. Whalen was asked to enter into such an agreement with the adjacent property owners and then the Council would consider the request further.

On motion of Mr. Bremer, seconded by Mrs. Cockrell, the hearing on Case No. 2281 was continued for one week to November 25, 1964.

64-358 Councilman Bremer read a letter from Mr. George W. Closner, representing all Optimists Clubs of San Antonio, commending the Administrative Staff for its fine cooperation in the Youth in Government Program held last Thursday. Special commendation was given Mr. Winston Ulmer, of the City Manager's Office, for coordinating the day long activity and to Investigators John P. Hanley and H. H. Harrington of the Police Department Planning Bureau who escorted the students through the various police facilities.

64-359 A petition signed by 1,000 residents in the vicinity of Palfrey and Goliad Road, requesting the City to install an electric traffic control signal at the intersection, was presented to the City Council.

The petition was referred to the City Manager for investigation with a report to be given to the Council at its next meeting.

NOV 19 1964

The City Manager made the following reports on petitions in which the City Council concurred.

- 64-359 1. Petition of Paul M. Norman, complaining about the drainage on Kingston Drive, and also, the weeds that are growing along the open channel.

The Drainage Division has sprayed the channel with weed killer and has cut the weeds north of Eisenhower Road. We have commenced work on a channel on the east side of Kingston to retain the water and effluent from the Windcrest Plant that is presently flowing on the street. Negotiations with the City of Windcrest are continuing in an effort to eliminate their sewage treatment plant.

- 64-359 2. Petition of Ted Gittinger, 222 Drake Avenue, asks for relief concerning a drainage easement ditch between the properties at 222 and 224 Drake Avenue.

Due to the flat grade, drainage is as good as can be expected. It does silt up at times, but this is corrected by routine maintenance. It has recently been cleaned.

- 64-359 3. Petition of West Avenue Elementary School P. T. A., requesting a traffic signal light at Nassau and West Avenue, sidewalks on the east side of West Avenue and west side of Avalon and west side of Buckeye; also, cutting of weeds on West Avenue.

a. Funds for the traffic signal at Nassau and West Avenue are included in the current budget and will be installed.

b. The sidewalk request must be considered as part of the School Sidewalk Program and must be initiated by the appropriate School District.

c. The weeds will be cut by the Public Works Department as soon as possible.

- 64-359 4. Petition of Emma King, et al, requesting a street light at South Palmetto and Sanders Street.

A light has been ordered for this location and the petitioner has been advised that it will be installed.

- 64-359 5. Petition of Jesus L. Escobedo, et al, for signal at Ruiz and 24th Streets.

Our investigation reveals that the traffic volume as determined by actual traffic counts does not warrant a signal at this intersection. We, therefore, recommend the request be denied.

There being no further business, the meeting adjourned.
