

1. THAT W. R. RAINEY, of 1118 North Comal Street, San Antonio, Texas, hereinafter referred to as Rainey, is hereby granted by the City of San Antonio, a permit and license to connect sanitary sewer line to the sewage system of the City of San Antonio as hereafter designated, subject to the following conditions and stipulations;

2. THAT the City of San Antonio hereby authorizes and grants a permit to said Rainey to construct and install an 8-inch sanitary sewer main from existing manhole on Jackson Keller Road and Ave Maria Drive, to serve residents on Jackson Keller Road, approximately 300 feet east of manhole above referred to, at an approximate cost of \$500.00.

3. THAT said Rainey shall file a complete set of plans and specifications with the City Sewer Engineer showing; the exact location of place of connection with the City Sewer System, the depth, size, location, gradient, capacity, manholes, T's, Y's, slants and appurtenances of the entire line to be built by him, and said line shall not be connected with the City Sewer System until the construction has been fully paid for and said construction has been approved, and the line tested, all to the satisfaction of the City Sewer Engineer.

4. This permit hereby granted shall be for sanitary sewage, and no use shall be made thereof, which, in the opinion of the City Sewer Engineer, is detrimental to the Sewer System of the City of San Antonio, or which might impair the function of its sewage treatment plant.

5. It is expressly understood and agreed by the parties hereto that the sanitary sewer line shall be built by said Rainey, at his own expense, and under no circumstances shall any part or portion of such cost or expense be chargeable, or a claim of any character or kind against the City of San Antonio.

6.. It is further understood and agreed that the said Rainey shall have the right and privilege, in consideration for his paying the entire cost of construction of said main, to charge and collect from each and every person, firm or corporation desiring to connect onto any of said main, a pro rata fee based upon the number of lineal front feet in any lot connecting on the said main. Price is to be determined after proof of final cost of the main on which connection is made has been filed with the Plumbing Inspector, by dividing the total cost of said main by the total number of front feet of all lots connecting onto said main.

7. It is distinctly understood that the City of San Antonio shall not be responsible for the collection or ^{for} the payment of any such charges.

8. Said Rainey agrees to submit a statement showing all connections made to said sewer line within 30 days from date of connection to the City sewers, and each month thereafter, until such time as said Rainey is reimbursed in an amount equivalent to the original costs of construction, after which time the main shall become the property of the City of San Antonio, and said Rainey shall make no further charges for connections nor shall he exercise any further control over said sewer main. It is understood that this instrument constitutes permission to construct one (1) Sewer Line, and connection charges shall be made upon the basis of the cost of this main.

9. The City of San Antonio further agrees that no permit fees or other fees shall be charged said Rainey for the work or construction hereby contemplated.

10. Said Rainey also agrees to assume all responsibilities and protect and hold harmless the City from any and all damages or liabilities that might be caused by the installation, connection or construction of said above described sewer main.

11. A failure upon the part of said Rainey to comply with any of the conditions and stipulations of this permit shall constitute a forfeiture of its right to collect the fees hereinbefore provided for.
