BE IT ORDAINED by the Commissioners of the City of San Antonio, as follows:

SECTION 1. The Texas Pneumatic Tube Corporation, a corporation duly and legally organized under the laws of the State of Texas, is hereby granted the power and is authorized to lay, maintain and construct pneumatic tubes with the necessary manholes and switches to be used for the purpose of transmitting the United States Mail under contract made with the United States and the carrying of newspapers and packages under, over or on such streets and alleys as may be necessary for the purpose of expeditiously handling of the mail from the various airports and railroad stations to the general post office and/or such sub-stations as now created or that may hereafter be created. The streets to be designated shall be such streets as shall be the most continuous and direct route to and from the points of origin to the central post office. The pneumatic tubes herein authorized shall be used exclusively for the United States mail, but in the event of emergency the handling of newspapers and packages independent of the tubes are permitted.

The occupancy of the streets and alleys, whether under, over or on the ground, shall be on permission of the Commissioner of Streets and Public Improvement and or the Commissioners of the City of San Antonio, if an appeal is made by the Texas Pneumatic Tube Corporation.

The discontinuance or abandonment of the use of pneumatic tubes for the transmission of mail by the United States Government for a period of one year shall cause a forfeiture of all the rights, privileges and franchises herein granted.

SECTION 2. The Texas Pneumatic Tube Corporation, in performing said work and maintaining said tubes, shall comply in all respects with the requirements of the Revised Ordinances of the City of San Antonio and all amendments thereof, and its work shall be subject to the supervision and control of the Commissioner of Streets and Public Improvements. The City of San Antonio shall at all times, through the Commissioner of Streets and Public Improvements, have the right to inspect, superintend and control the construction of the tubes and other appurtenances constructed under this ordinance, and the City reserves the right from time to time to order any changes to be made either in the construction, material, or manner of maintaining same, or in the location in the street. All such changes or alterations shall be made by the Texas Pneumatic Tube Corporation without expense to the City, and if the said company fails to comply with any ordinance directing such changes within such time as may be specified therein than said board of City Commissioners may cause such changes or alterations to be made by the City, and the company owning the pipes or other appurtenances so changed or altered shall pay the costs thereof on demand by the City Comptroller. Failure to make such payment when so demanded shall constitute a breach of the bond as provided for in the next succeeding section.

SECTION 3. This ordinance shall not take effect unless within three hundred and sixty-five working days from the date of its approval the company shall file with the City Clerk its written acceptance of the terms and conditions of this ordinance and its agreement to be bound thereby, and file the penal bond of said company in such form as shall be approved by the City Attorney in the sum of five thousand dollars, with two or more good and sufficient securities, to be approved by the Mayor and Council, conditioned that the said company will observe and comply with all the terms and conditions of this ordinance, and conditioned that said company shall hold

the City of San Antonio harmless from all damages arising from the construction or maintenance of said pneumatic tubes. And if at any time said bond shall be impaired by recovery thereon in any court of competent jurisdiction or by reason of the death or insolvency of any of the sureties thereon, then and in such event said Texas Pneumatic Tube Corporation shall renew said bond so that at all times the sum thereof shall be five thousand dollars, which surety as aforesaid, and all renewals of said bond shall be made within thirty days after notice in writing by the Mayor.

Any failure to comply with the provisions of this section by said Texas Pneumatic Tube Corporation shall work a forfeiture of all rights and privileges herein granted.

SECTION 4. In consideration of the privileges granted in this ordinance, the said Texas Pneumatic Tube Corporation, for itself, its successors, and assigns, agrees to and bind itself to make on the first Monday in April, 1935 and also on the same day in each year thereafter during the duration of this franchise, which shall be twenty-five years, an annual statement of its gross earnings, said statement to be sworn to by its president and secretary, and to also, upon the said designated days, to pay into the City Treasurer, for the sole use and benefit of the said City of San Antonio, a sum of money equal to five per cent on the said gross receipts.
