

Master Plan Amendment
Northeast Inner Loop Neighborhood Plan

AN ORDINANCE 2008-08-07-0677

AMENDING THE NORTHEAST INNER LOOP NEIGHBORHOOD PLAN TO UPDATE THE LAND USE ELEMENT BY SUPERSEDING THE LAND USE ELEMENT OF THE NORTHEAST INNER LOOP NEIGHBORHOOD PLAN ADOPTED MARCH 22, 2001, AS A COMPONENT OF THE MASTER PLAN, OF THE CITY AS IT CONFORMS TO THE APPROVAL CRITERIA SET FORTH IN THE UNIFIED DEVELOPMENT CODE, §35-420, PERTAINING TO "COMPREHENSIVE, NEIGHBORHOOD, COMMUNITY, AND PERIMETER PLANS."

WHEREAS, the Northeast Inner Loop Neighborhood Plan was first adopted by City Council on March 22, 2001 as a component of the City Master Plan adopted May 29, 1997; and

WHEREAS, according to §35-420 of the *Unified Development Code*, the Plan shall be reviewed by Planning Commission at least once every five years, and

WHEREAS, the Northeast Inner Loop Neighborhood Plan area includes approximately 4.75 square miles and is generally bound by N. New Braunfels Ave., Claywell Rd., and Broadway Ave. on the west; NE Loop 410 on the north; Harry Wurzbach to the east; and Rittiman Rd. to the south; and

WHEREAS, the San Antonio Planning Commission reviewed Northeast Inner Loop Neighborhood Plan Update on May 28, 2008 and found the plan to be consistent with City policies, plans and regulations and in conformance with the *Unified Development Code*, §35-420, therefore meeting all requirements; and

WHEREAS, in a public hearing held on May 28, 2008, the Planning Commission recommended that the City Council amend the Northeast Inner Loop Neighborhood Plan to update the land use element as an addendum to the Master Plan adopted May 29, 1997; **NOW THEREFORE:**

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SAN ANTONIO:

SECTION 1. The Northeast Inner Loop Neighborhood Plan is hereby amended to update the land use element by superseding the Land Use Element in Northeast Inner Loop Neighborhood Plan adopted March 22, 2001, as a component of the Master Plan of the City, as it conforms to the approval criteria set forth in the *Unified Development Code*, §35-420, pertaining to "comprehensive, neighborhood, community, and perimeter plans." A copy of the plan is attached hereto and incorporated by reference as Attachment I.

SECTION 2. This ordinance shall take effect August 17, 2008.

PASSED AND APPROVED on this 7th day of August 2008.

Northeast Inner Loop Neighborhood Plan Update

LAND USE PLAN

The Land Use Plan identifies the preferred land development pattern for the Northeast Inner Loop Neighborhood Planning Area. The location of different land uses is based on existing uses, community discussions and policies from the *City's Master Plan*. Each land use classification is described in the following table.

After City Council approval of the Northeast Inner Loop Neighborhood Plan, the Planning and Community Development Department will consult the Land Use Plan as a guide for developing staff recommendations on individual zoning cases.

Note: A comprehensive plan shall not constitute zoning regulations or establish zoning district boundaries. This update supersedes the Northeast Inner Loop Neighborhood Plan Land Use element, pages 27-34.

LAND USE CONCEPTS

Low Density Residential uses are found throughout the community. Large estate lots are characteristic of the Oak Park/Northwood area. Medium Density Residential uses are found along Eisenhower Road and in small areas of Terrell Heights. These areas are on type B secondary arterials. High Density Residential uses are found behind Sunset Ridge Shopping Center, along Harry Wurzbach and Austin Highway, and areas adjacent to high rise offices and regional commercial uses along IH-410. These areas are generally on type A secondary arterials, primary arterials and act as a buffer between IH-410 and single family areas.

Medium Density Mixed Use areas include the less intensive commercial uses interspersed or blended with residential and office uses. Medium Density Mixed Use would be appropriate along Broadway, Harry Wurzbach and Austin Highway west of Terrell Plaza and between Seidel and Rainbow. The community envisions a "town center" located somewhere along Austin Highway that would be a focal point for connecting the adjoining neighborhoods. This "town center" would have a compact, pedestrian-oriented pattern of development with a mix of uses (residential, commercial, office, civic), act as a public gathering place, and house major transit facilities.

Commercial areas are generally located on primary arterials and expressways. Neighborhood Commercial areas are at nodes that are convenient to residential areas. Community Commercial uses located along Austin Highway typically draw customers from a wider area and are associated with major transit stops. Regional Commercial areas are located along IH-410 and at the major intersection of Austin Highway and Harry Wurzbach.

Green walking/biking trails are envisioned along Harry Wurzbach connecting the parks, Garner Middle School, and Oakwell Library, continuing to Austin Highway before turning east to connect to Salado Creek. Another green trail is envisioned behind the businesses on the south side of Austin Highway running between a neighborhood park and Salado Creek.

Northeast Inner Loop Neighborhood Plan Update

Land Use Classification

Description

Neighborhood Commercial

Permitted Zoning Districts:
NC, C-1, O-1

Neighborhood Commercial includes low-intensity, small scale retail, office or service uses serving the neighborhood area with low-impact convenience, retail, or service functions. Example of uses include convenience store, small insurance or doctors office, bakery, small restaurant, bookstore, antique shop, copy service, veterinarians office, or small, neighborhood sized grocery stores.

Locations for Neighborhood Commercial include the intersections of residential streets, within established commercial areas and/or collectors and within walking distance of residential areas.

Neighborhood Commercial can serve as an appropriate buffer between low, medium, and high density residential uses, or between an arterial and low density residential.

Parking is encouraged in the rear of the buildings, and should be appropriately buffered from adjacent residential uses through landscaping, screening and lighting controls. Monument signage is strongly recommended, as are pedestrian amenities.

Northeast Inner Loop Neighborhood Plan Update

Land Use Classification

Description

Medium Density Mixed Use

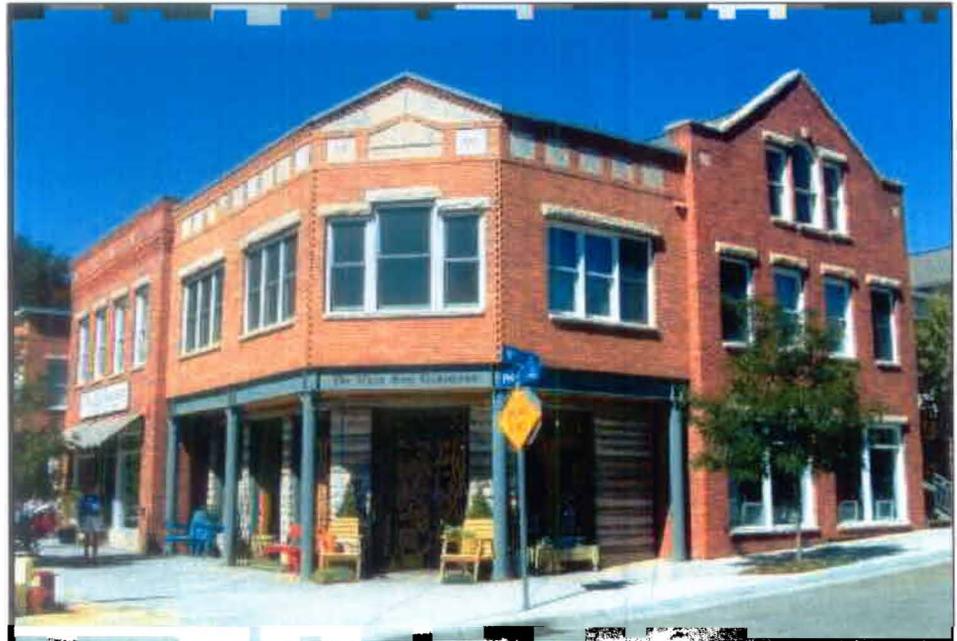

Permitted Zoning Districts:
RM-4, RM-5, RM-6, MF-25,
NC, C-1, C-2, C-2P, IDZ,
TOD, MXD, UD, O-1, FBZD

Mixed Use allows for a concentrated, well structured, and integrated blend of higher density residential, retail, professional services, office, entertainment, and other land uses. The integration of uses should occur within structures, as well as across the site, with commercial uses situated primarily along the higher order roadways, and on the ground floor level of individual structures. Shared parking located near the rear of the facilities, accessory dwelling and live/work units are encouraged.

Mixed Use is preferred along arterials, preferably in a nodal pattern with proximity to a major transit stop or node. When placed along a higher order roadway, the mixed use development should decrease in density with distance from the roadway.

Building and architectural design of a mixed use development should stress quality, including open space, landscaping, and a safe, attractive, and pedestrian and bicycle friendly environment.

Northeast Inner Loop Neighborhood Plan Update

Land Use Classification

Description

Community Commercial

Permitted Zoning Districts:
NC, C-1, C-2, C-2P, O-1,
Commercial Retrofit Use
Pattern

Community Commercial provides for medium intensity land use that draws its customer base from two or more neighborhoods. Example of uses include a grocery store, a medical office, music store, shoe store, nursery, or mailing services store.

Community Commercial uses should be located along arterial roads near intersections or in established commercial areas.

Community Commercial can serve as an appropriate buffer between low, medium, and high density residential uses, or between an arterial and low density residential.

Parking is encouraged in the rear of the buildings, appropriately buffered from adjacent residential uses through landscaping, screening and lighting controls. Monument signage, is strongly recommended, as are pedestrian amenities. Shared access is required.

A commercial retrofit pattern, a type of infill development, is allowed by right in commercial zoning districts. This type of infill work could transform surface parking lots into a town center with a mix of office, residential and commercial uses.

Northeast Inner Loop Neighborhood Plan Update

Land Use Classification	Description
<p data-bbox="206 372 388 436">Regional Commercial</p>  <p data-bbox="148 595 437 744">Permitted Zoning Districts: NC, C-1, C-2, C-2P, C3, O-1, O-2, UD, Commercial Retrofit Use Pattern</p>	<p data-bbox="545 372 1478 553">Regional Commercial provides for offices, professional services, and retail uses that draw on the customer base of a region. Example of uses include "big box" retail and retail "power centers", shopping malls, movie theaters, and medical or office complexes that are mid to high rise.</p> <p data-bbox="545 595 1462 702">Regional Commercial uses are typically located at nodes formed by highways and major arterials, or two major arterials, and are usually 20 acres or greater in size.</p> <p data-bbox="545 744 1486 851">Regional Commercial uses can serve as an appropriate buffer between an arterial or highway, and lower intensity commercial or residential uses.</p> <p data-bbox="545 893 1478 1138">Regional Commercial uses should include well defined entrances, and shared internal circulation with appropriate landscaping and pedestrian amenities. Trees should shade parking and pedestrian areas, and signs should be of the monument style and scale. Lighting controls should be in place so as to direct lighting onto the site, away from adjacent land uses, and to reduce glare, and limit uplight.</p> <p data-bbox="545 1181 1478 1330">A commercial retrofit pattern, a type of infill development, is allowed by right in commercial zoning districts. This type of infill work could transform surface parking lots into a town center with a mix of office, residential and commercial uses.</p> 

Northeast Inner Loop Neighborhood Plan Update

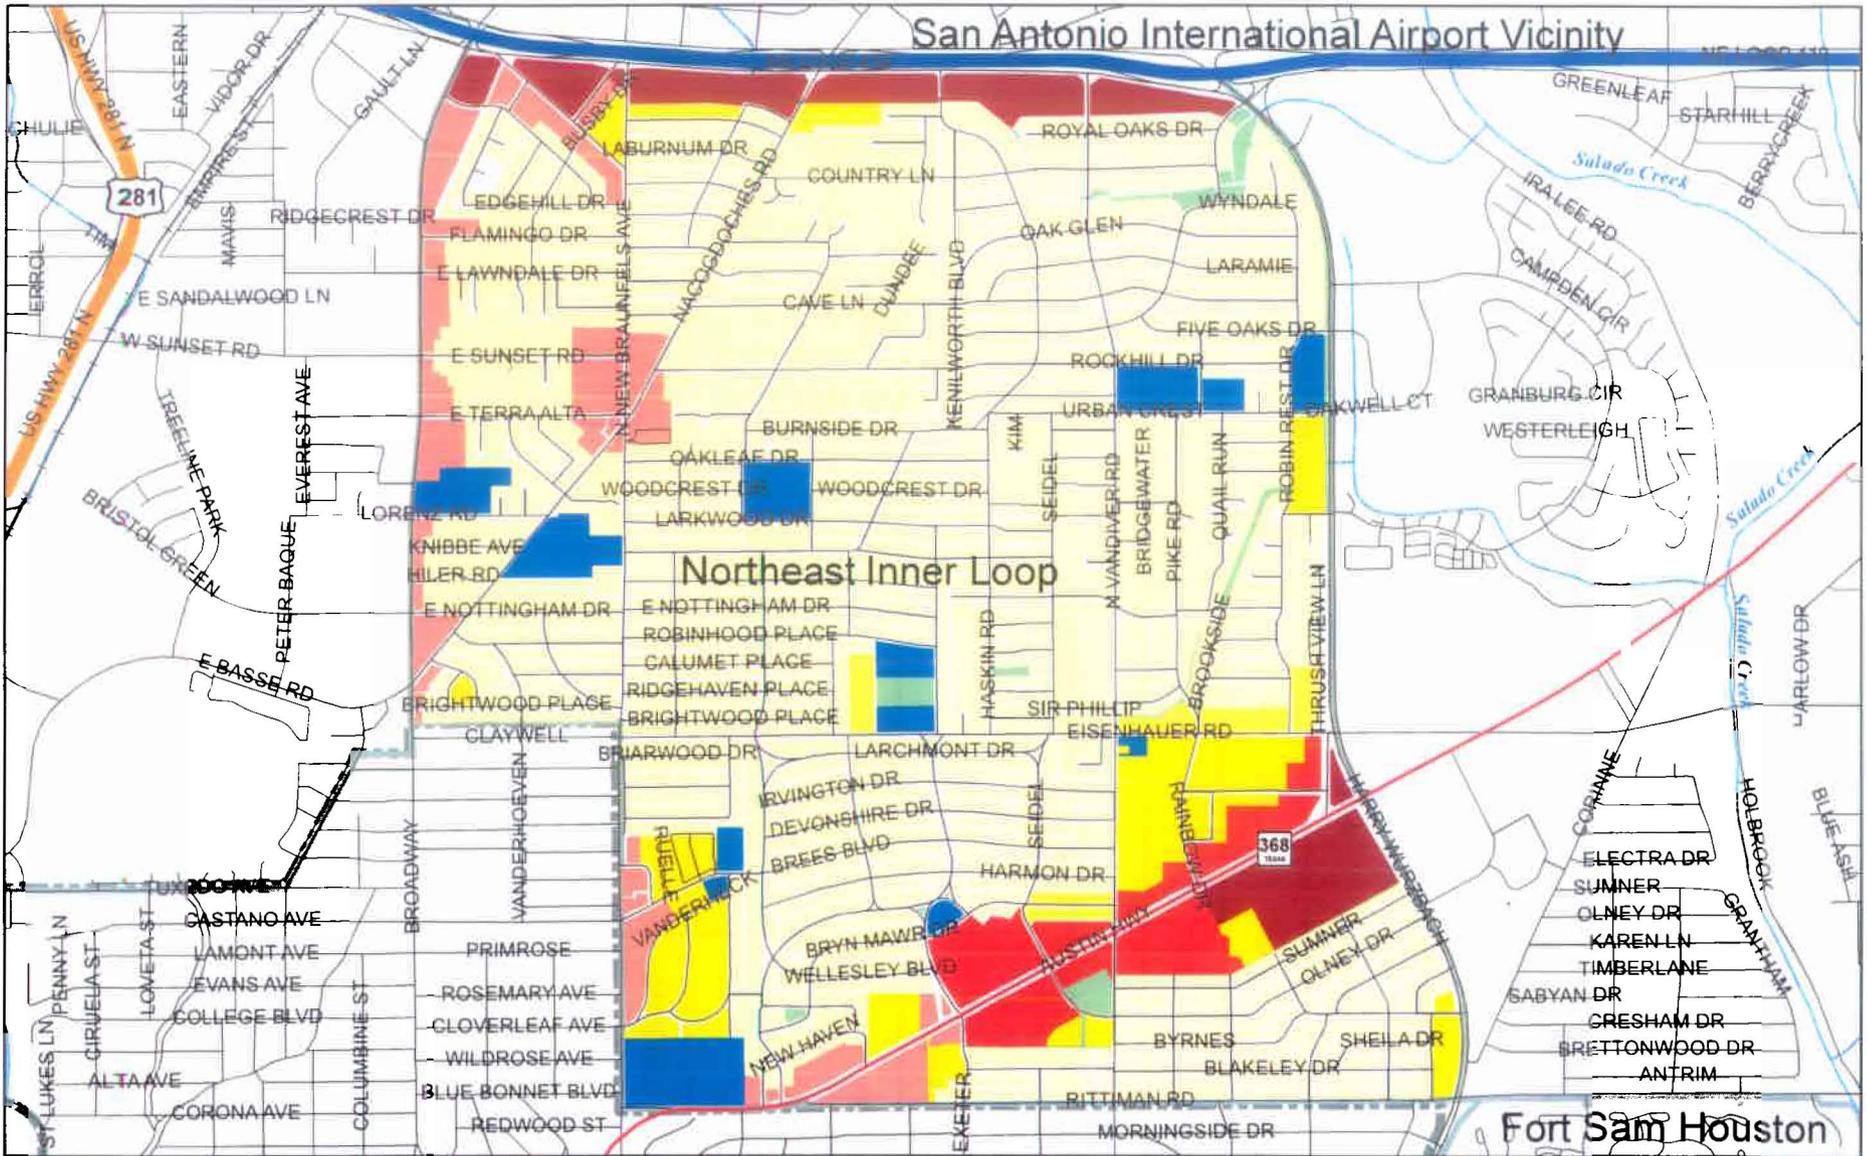

Land Use Classification	Description
Public / Institutional 	<p>Public / Institutional uses include public, quasi-public, and institutional uses that facilitate the containment or delivery of local, state, or national governmental or non-profit services. Examples include post offices, libraries, schools, fire stations, museums, churches, community gathering facilities, etc.</p> <p>The location for these services include where they currently reside, as well as where they meet the future needs of the community.</p> 
Parks / Open Space 	<p>Parks include existing city, private, county or national recreational lands or open spaces that are available for active use, passive enjoyment or environmental protection, including walking and biking trails and drainage areas.</p> <p>Open Space includes large, or linear, unimproved land where conservation is promoted and development is not encouraged due to presence of topographic constraints or institutional uses on the site.</p> <p>Examples include City pocket, regional, or linear parks, as well as private parks associated with subdivisions and neighborhood associations.</p> <p>Parks should be located for convenient, yet safe, neighborhood and community access and should be sized sufficient to provide adequate facilities for the neighborhood or community it serves.</p> 

Northeast Inner Loop Neighborhood Plan Update

THE LAND USE PLAN AND ZONING

The Land Use Plan does not constitute zoning regulations or establish zoning district boundaries. The table below is meant to serve as comparative guide to utilize when evaluating for “consistency” between development / rezoning proposals, and the goals of the plan. More intense land uses may be allowed in less intense land use categories subject to conditional zoning or a specific use authorization that would facilitate context sensitive design in accordance with the plan’s goals and objectives.

LAND USE CATEGORY	RECOMMENDED BASE ZONING DISTRICTS
Single Family Residential	R-3, R-4, R-5, R-6, NP-8, NP-10, NP-15
Medium Density Residential	R-3, R-4, R-5, R-6, RM-4, RM-5, RM-6
High Density Residential	R-3, R-4, R-5, R-6, RM-4, RM-5, RM-6, MF-25, MF-33, MF-40, MF-50
Neighborhood Commercial	NC, C-1, O-1
Medium Density Mixed Use	RM-4, RM-5, RM-6, MF-25, NC, C-1, C-2, C-2P, IDZ, TOD, MXD, UD, O-1, FBZD
Community Commercial	NC, C-1, C-2, C-2P, O-1, Commercial Retrofit Use Pattern
Regional Commercial	NC, C-1, C-2, C-2P, C3, O-1, O-2, UD, Commercial Retrofit Use Pattern

- Low Density Residential
- Medium Density Residential
- High Density Residential
- Neighborhood Commercial
- Community Commercial
- Regional Commercial
- Public Institutional

Re: Northeast Inner Loop Neighborhood Plan Update

Dear Ms. Nixon-Mendez:

We are in receipt of a notice from your office concerning the Northeast Inner Loop Neighborhood Plan Update which will go before the City Council on June 19, 2008. This is to advise that the Oak Park-Northwood Neighborhood Association strongly supports the plan update as proposed by your office.

We wish to thank you and Ms. Lauren Edlund of your staff for the very outstanding work that you have done in connection with this plan update.

Should you need additional information, please give me a call at 826-3015. Thank you for your assistance in this matter.

Very truly yours,

Oak Park-Northwood Neighborhood Association

MS. NINA NIXON-MENDEZ
PLANNING DEPARTMENT
CITY OF SAN ANTONIO, TEXAS VIA FAX TO 207-7879

DEAR MS. NIXON-MENDEZ,

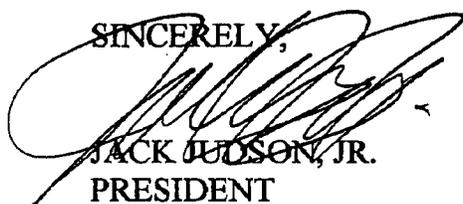

THE AUSTIN HIGHWAY REVITALIZATION PROJECT, INC. IS IN FULL SUPPORT OF THE NORTHEAST INNER LOOP PLAN UPDATE TO BE PRESENTED TO THE CITY COUNCIL JUNE 19, 2008.

THIS PLAN HAS BEEN REMARKABLE IN ITS FORM AND WORKINGS SINCE APPROVED BY CITY COUNCIL IN 2001.

IN FACT IT HAS HAD ONLY 2 CHANGES IN THE INTERVENING YEARS, AND HAS BEEN EXTREMELY PRODUCTIVE IN REACHING ITS GOALS IN CHAPTER 4, REGARDING THE REVITALIZATION OF THE AUSTIN HIGHWAY, BETWEEN RITTIMAN ROAD AND EISENHauer ROAD. THE BENEFIT TO THE CITY IN BOTH REZONING IN NEIGHBORHOODS, AND FOR THE ECONOMIC STIMULUS FOR THE AUSTIN HIGHWAY IS QUITE REMARKABLE.

THE HARD WORK OF THE PLANNING DEPARTMENT AND YOURSELF ARE VERY MUCH APPRECIATED.

SINCERELY,

JACK JUDSON, JR.
PRESIDENT

SUBJECT:
Northeast Inner Loop Neighborhood Plan Update

SUMMARY:
Neighborhood Plan: **Northeast Inner Loop Neighborhood Plan**
Request to update the **Land Use component of the Neighborhood Plan**

BACKGROUND INFORMATION:
Applicant: City of San Antonio

Owner: Various

Plan Boundaries: The Northeast Inner Loop Neighborhood Plan is generally bound by NE Loop 410 to the north, Harry Wurzbach to the east, Rittiman Rd. to the south and N. New Braunfels Ave., Claywell Rd., and Broadway Ave. to the west.

Size: The plan area is 4.75 sq. miles

Current Land Use of site: Various

Adjacent Land Uses: Various

ISSUE:

Planning Process:

The Northeast Inner Loop Neighborhood Plan Update was developed following the guidelines set out in the Community Building and Neighborhood Planning Program, adopted by City Council in October 1998 and further specified in Article IV of the Unified Development Code adopted in 2001 and amended in 2004.

In June 2007 notices of an update were sent out to the Northeast Inner Loop planning team and area neighborhood associations asking for comments and suggested updates. Between July 2007 and February 2008 two neighborhood meetings were held to update the land use plan. An open house was held on May 1, 2008 to give community members an opportunity to review the proposed land use plan update. The documents were also made available for review and comment online.

The Planning & Community Development Department, together with the partnering neighborhoods, worked to encourage participation in the community planning process. A press release announced the open house. Media coverage of the open house included the San Antonio Express-News. A notice of the public hearing before Planning Commission was featured in the Commercial Recorder Newspaper.

Current Land Use:

The regional study area is 4.75 square miles. The area is bounded by NE Loop 410 north, Harry Wurzbach to the east, Rittiman Rd. to the south and N. New Braunfels Ave., Claywell Rd., and Broadway Ave. to the west.

Low-Density Residential uses are found throughout the community. Large estate lots are characteristic of the Oak Park/Northwood area. Medium-Density Residential uses are found along Eisenhower Road and in small areas of Terrell Heights. These areas are on type B secondary arterials. High-Density Residential uses are found behind Sunset Ridge Shopping Center, along Harry Wurzbach and Austin Highway, and areas adjacent to high rise offices and regional commercial uses along Loop 410. These areas are generally on type A secondary arterials, primary arterials and act as a buffer between Loop 410 and single family areas.

Commercial areas are generally located on primary arterials and expressways. Neighborhood Commercial areas are at nodes that are convenient to residential areas. Community Commercial uses located along Austin Highway typically draw customers from a wider area and are associated with major transit stops. Regional Commercial areas are located along IH-410 and at the major intersection of Austin Highway and Harry Wurzbach.

Key Changes to Plan:

Updates to the land use plan include: 1) land use nomenclature 2) the future land use map, and 3) land use categories, descriptions, and corresponding zoning districts. The land use categories were updated to reflect current planning nomenclature and accurately reflect the goals of the plan. Medium-Density Mixed Use was added to the land use categories to aid in the creation of a town center.

Specific changes included changing five areas to Low-Density Residential from Medium-Density Residential. The following areas were effected: The parcels located on the west side of N. New Braunfels Ave. between Oakhurst Place and Camiella Ln. and the parcels located on the east side of N. New Braunfels Ave. between Camiella Ln. and Laburnum Dr.; the parcels located on the south side of Treasure Way between N. New Braunfels Ave. and Lindenwood Dr.; the parcels located on the north side of Oakleaf Dr. between Woodbine St. and N. New Braunfels Ave.; the parcels located on the east side of Kenilworth Blvd. between Robinhood and Eisenhaur Rd.; the residential parcels located on the north and south sides of Sunset Blvd. between Broadway Ave. and N. New Braunfels Ave. These changes reflect the comprehensive area wide zoning change that took place in 2006.

ALTERNATIVES:

No action will maintain the current land use designations and the plan will not be updated until 2013.

FISCAL IMPACT:

None. A Master Plan Update carries no specific financial commitment to immediate action by the City or partnering agencies
