67-427

The Council took up consideration of bids received for the purchase of five fire pumpers and two aerial ladder trucks for the Fire Department.

Purchasing Agent Al Tripp explained the bids received. He advised that two of the bids did not meet specifications on warranty. The low bidder was Seagraves Commercial Fire Apparatus Division at \$22,405 per unit on the pumpers with 230 days delivery.

He also advised that the Ward La France Corporation bid offered a three months delivery in September of 1967 at a unit price of \$25,300. He stated both bidders have advised they would accept award of any number of units decided on by the Council which it can do in accordance with the specifications.

City Manager Shelley stated recently one pumper was washed out in an accident and needed early replacement and recommended consideration of bids being split on the pumpers; two from Ward La France for September deliver and three from Seagraves on thirty days delivery.

After consideration, the Council agreed to make the award as recommended by the City Manager.

The Purchasing Agent then recommended that the low qualified bid of Ward La France Corporation to furnish two 85 foot aerial ladder trucks at a unit price of \$51,450 be accepted.

The following ordinances were then read by the Clerk and on motion of Dr. Calderon, seconded by Dr. Parker, were passed and approved by the following vote: AYES: McAllister, Calderon, Jones, James, Cockrell, Gatti, Trevino, Parker and Torres; NAYS: None; ABSENT: None.

67-404 Councilman Torres asked when the low bid for widening of South Alamo Street was accepted.

City Manager Shelley advised that particular job is being done by the Urban Renewal Agency and understood they received bids last week. The job will be financed by the Urban Renewal Agency. The City will be involved on a portion of the first phase but he has not received exact figures on it as yet. One block of Nueva Street is included in this first contract and the City will be required to pay a portion of the Nueva Street paving. The cost of Alamo Street is included as part of the project cost as well as the portion of Nueva Street.

67-391 Councilman Torres stated he presented a Conflict of Interest Ordinance and asked if the City Attorney has concluded the report on it.

City Manager Shelley advised he had not received any commentary from the City Attorney as yet.

The Mayor then asked the City Manager that the City Attorney present the Council with a statement concerning the matter as the Council would like to act on it.

67-391 Mayor McAllister asked the City Manager if he had taken steps for the removal of the Schultze House which is restricting operations in connection with the Convention Center.

JUL 6 1967

City Manager Shelley reported the Council had offered the house to the Conservation Society or any portion thereof with the understanding that it be removed by June 25, 1967. He stated he would need a motion to instruct him to take bids for removal of the building.

The Mayor reviewed the efforts made to try to have the Schultze House as well as the Groos House relocated. He spoke of the resolution passed September 13, 1966, indicating that efforts would be made to move the houses. It was found that cost of moving the two houses was prohibited and then commitment was made to move only the Groos House. The Schultze House construction is of such a nature that it is going to fall to pieces as soon as you start taking it down. He added that it was proper and right for the City to pass a motion for removing the building as there is no conflict whatsoever with legal commitments that might be imposed on HemisFair because of Congressional action.

After discussion, Dr. Parker made a motion that the City Manager be instructed to take bids for the removal of the Schultze House. Seconded by Dr. Calderon, the motion was approved by the following vote: AYES: McAllister, Calderon, Jones, James, Gatti, Trevino and Parker; NAYS: None; ABSTAINING: Cockrell and Torres; ABSENT: None.

67-402 Mayor Pro-Tem Gatti asked about a letter received from the Conservation Society questioning the procedure in adopting the Master Plan for La Villita.

Assistant City Manager Gerald Henckel reported he had not had an opportunity to check with the Legal Department but from the tenor of the letter they may be technically correct in questioning the procedure. He said the plan adopted was the architect's plan for La Villita. The Charter does provide a procedure for adoption of an overall Master Plan.

Mr. Gatti felt this plan should meet the legal or technical requirements and asked that the matter be checked out.

67-404 Mayor Pro-Tem Gatti asked if there are any plans to beef up or improve the whole taxicab ordinance. With HemisFair coming up the City should take a look at taxicabs as well as the limousine situation at the airport and asked if the Manager had any comments on this matter.

City Manager Shelley stated it is felt that the taxicab ordinance is of considerable aid. One thing of concern is that the present ordinance provides for a minimum schedule of charges but not a maximum. He felt this should be considered and added he will make an immediate review of the ordinance and the limousine service at the airport and give the Council an early report on it.

67-391 Councilman Torres asked if the Library had made any report on the suggestion he made last week that the Las Palmas Library be named the Gus Garcia Memorial Library.

Assistant City Manager Henckel stated that the Library Board has by motion named all the libraries and named them according to the site or designation with the exception of the grant given by Mrs. Tobin which is named after the area from which the site originated, such as Oakwell, for the Oakwell Ranch. He added the Library had taken action on these names about six weeks ago.

After discussion, the Mayor asked that if the Library Board has not been formally notified of Mr. Torres' suggestion that this be done right away

67-430 Mayor McAllister stated that he recognized the fact that you can make a statement and the statement is not correct by quote due to the fact that sometimes you can forget what you said as far as that goes. He referred particularly to an item in Sunday's LIGHT that was attributed to Mr. Torres. He said he would like for Mr. Torres to either check the information to see if the statement is based on sound allegations, in which event he would like the information presented publicly and in the event it is not based on sound allegations, he would like Mr. Torres to make a public statement to the effect that his allegation that some member of the City Council has misused City facilities is withdrawn. He said he did not know if Mr. Torres was prepared to make a statement now, but it is an important matter and wanted a statement made about it.

Mr. Torres said he was aware of the statement and will not make a retraction of it and that was all he had to say at this time. He said the statement was accurate in the sense that it spoke of his need for two or three affidavits which he has been assured of receiving. He has had personal conversations with people involved and at the appropriate time, as the newspaper article indicated, he will make the information public at his discretion and if he desired to make it public.

Dr. Calderon stated he felt Mr. Torres had made a public statement with out sufficient proof and it seemed to him that Mr. Torres should make another public statement to substantiate the first one.

Mr. Torres stated he recognized the position he put the Council in. The statement speaks of the need for additional information and at the proper time he will release the information to the proper parties.

After further discussion the matter was concluded with the Mayor stating that Mr. Torres' statement has been made which reflected on some member of the City Council and Mr. Torres will either present proof of that or simply by failure to present proof show that there is no merit in the statement.

Mr. Torres reiterated that he would not retract the statement made and would make a statement at the proper time.

JUL 6 1967

67-430

Mr. Joe A. Guerra, Jr., member of the Board of Directors of the Mexican Chamber of Commerce, presented a proposal for a monetary subsidy in the amount of \$50,000 for an all out promotion of a more intensive and extensive program of Inter-American cultural understanding and commercial relations, based on the expected and projected benefits to be accrued from HemisFair '68, not only to this City, but in a greater sense to the definite increase and further improvement of the economies of our surrounding trade territory, the State of Texas and the Republic of Mexico. (copy of proposal filed with original of these minutes)

Also contributing to discussion of the proposal were Mr. Richard Limon, President of the San Antonio Mexican Chamber of Commerce and Mr. Jake Rodriguez, Executive-Secretary-Manager.

After discussion, Mr. Torres made a motion that the City Manager be instructed to confer with the representatives of the Mexican Chamber of Commerce and the San Antonio Chamber of Commerce with a view of making a concrete proposal to be submitted to the City Council for consideration prior to consideration of the next budget. Further the Mexican Chamber of Commerce is to present details of the proposal to the City Manager as well as details on its current budget and Mr. Shelley will study them and make a recommendation to the City Council. Mr. Trevino seconded the motion.

Mrs. Cockrell felt that it would be valuable to have the Mexican Chamber of Commerce have some part in the promotional program but would not like the San Antonio Chamber of Commerce to be out of the picture. The program should be a united effort and emphasis should be on coordination. Visitors from Latin America would therefore know that the whole community welcomes them and wants them to come to San Antonio.

Mr. James agreed with Mayor Pro-Tem Gatti's earlier statement that there should be no fragmentation of the program and whatever is done should be coordinated. He added that there is an Alamo Chamber of Commerce in San Antonio and they should be brought into the picture.

Mr. James then made a substitute motion that all three Chambers of Commerce be called into the picture and make whatever contribution they can to the discussion.

The motion was seconded by Dr. Parker. The motion, which carried with it the passage of the items mentioned in the previous motion, prevailed by the following vote: AYES: McAllister, Calderon, Jones, James, Cockrell, Trevino, Parker and Torres; NAYS: Gatti; ABSENT: None.

Mr. Gatti stated he voted no, not because he is against any specific Chamber of Commerce, but is for a welding together of all the activities. He felt this approach is not going to get the job done. They have gone down this road a number of years and had meetings and meetings and unless the Mexican Chamber of Commerce, in all due respect to them, and the Alamo Chamber of Commerce can fit themselves into the overall picture, they will go in different directions and it will cost a lot more money and get a lot less effective job.

Mayor McAllister was obliged to leave the meeting, and Mayor Pro-Tem Gatti presided.

67-391 Mr. Fletcher C. Magee, a director and attorney for the Pioneer Lancer Club of San Antonio appealed to the City Council the decision of the Advisory Committee of the Pioneers, Trail Drivers and Texas Rangers Memorial Building to deny its request for use of the building one day a month.

Mr. Magee reviewed events concerning his request since May 11, 1967, when he filed a petition to the present time. He asked that the Pioneer Lancers Club be given permission to use the building for their eligible activities beginning on the third Friday in September, 1967 and continue on the third Friday in each month thereafter.

Mr. Leo Oliver, past President of the State Association of Texas Pioneers, reviewed the history of the construction of the building with Federal money under a contract between the City and the Texas Centennial Association. He read the contract as well as an opinion given in 1943 by a former City Attorney and emphasized that management of the building rests in the Committee not the City.

He was advised that the City Attorney's, Sam Wolf, opinion is that the Council can let other people use it since it is a public building.

Mr. Oliver stated the three organizations have various relics and historical objects that should be protected. However, they will do whatever can be done to open the building so the public can get in to see it and would like to get together with Mr. Bob Frazer, Director of Parks and Recreation, to see what can be worked out.

After discussion of the request, Mr. Torres made a motion that the request of the Pioneer Lancer Club for use of the Assembly Room of the Pioneer Memorial Building one night a month be approved. The motion was seconded by Mr. Trevino.

Mr. Stanley Miller, a Member of the Advisory Committee of the Texas Pioneers, advised the Council that the broadest ruling has always been sustained up to the present time and asked that the request be denied.

JUL 6 1967

On roll call, the motion prevailed by the following vote: AYES: Calderon, Jones, James, Cockrell, Gatti, Trevino, Parker and Torres; NAYS: None; ABSENT: McAllister.

67-432 Mr. Tom Nolan, 236 Hammond, spoke to the Council about an accident at Hackberry Street and Highland Boulevard in which an ambulance was involved and felt it could have been prevented if the ambulance had been equipped with a siren. He said he has submitted a petition requesting that the ordinance prohibiting the use of sirens by ambulances on emergency runs be rescinded. He commented that the ordinance is now ten years old. People now drive in air conditioned cars and can't hear with windows up and a radio going. He understood the ordinance was originally passed because of the abuse of the privilege to use sirens and felt such violation should entail a fine and a jail sentence.

After discussion, the City Manager was asked to get an advisory opinion on the request from the Advisory Board of Health.

67-433 Mr. Clarence Williams representing the Eastside Responsive Action Group advised the Council they have submitted a project to the Urban Renewal Agency and asked Mr. Winston Martin, Executive Director of the Urban Renewal Agency to explain it to the Council.

Mr. Martin stated that no action is needed by the Council today, but wanted to make them aware of the project. He described the boundaries of the project which is on the near eastside. He felt this was an exciting project in that all potentials could be utilized. If the Council determines the area is blighted, the Urban Renewal Agency can make an application for survey and planning of the project.

It was brought out that there are four or five projects in the mill and Mr. Martin was asked to prepare a formal report on the projects and present it to the Council for consideration.

67-421 Mr. George T. Silva, applicant in Zoning Case 3006, which was heard earlier, asked when the case would be taken up.

Mr. Silva was advised that his application was denied at the hearing earlier in the meeting and was asked why he was not present or represented.

Mr. Silva stated his attorney was to be present but he had gone out of town to a Bar Association meeting.

After discussion, Mr. Silva was asked to come to the Council meeting next week at which time ~~he will be~~ heard.

67-305 Mr. Humberto Villapando, a Public Works employee, stated he was representing himself but felt that what he says represents the views of the whole department. He asked how much increase the garbage division would get in the new budget.

Mayor Pro-Tem Gatti advised him this would be resolved at the Council meeting next Wednesday.

Mr. Villapando then asked about the proposals which he previously presented.

City Manager Shelley stated there were two classifications in the proposals. One group over which he was the authority and the second group concerns policy decisions such as wages, hours of work and hospitalization. The matter on which the Department head makes a decision has been resolved.

Mayor Pro-Tem Gatti stated the proposals will be given serious consideration.

67-404 The Clerk read the following letter.
