AN ORDINANCE 12,262

MAKING A CONTRACT BETWEEN THE CITY OF ALAMO HEIGHTS AND THE CITY OF SAN ANTONIO PROVIDING FOR THE CITY OF SAN ANTONIO TO TAKE THE SANITARY SEWAGE OF ALAMO HEIGHTS AND TREAT IT FOR DISPOSAL, AND PROVIDING THAT THE CITY OF SAN ANTONIO MAY USE THE SEWER MAINS OF ALAMO HEIGHTS, REPEALING THE ORDINANCES ON THE SAME SUBJECT PASSED ON THE 11TH DAY OF JULY, 1939 AND THE 3RD DAY OF OCTOBER 1940.

WHEREAS, the City of San Antonio has a sanitary sewer system and disposal plant, and the City of Alamo Heights has a sanitary sewer system but no disposal plant; and has a sanitary sewer system but no disposal plant; and

WHEREAS, by contract dated the 11th day of July 1932, which was renewed and extended on the 13th day of February, 1936, and again renewed and extended on the 3rd. day of October, 1940, the City of San Antonio has taken the sanitary sewage of Alamo Heights at the north boundary of San Antonio and transported it through the sewer system of San Antonio, and treated it for disposal with the sewage of San Antonio; and

WHEREAS, the City of Alamo Heights is situated adjacent to the north boundary of the old city limits of San Antonio, and, in recent years, certain properties and subdivisions situated to the north of the City of Alamo Heights have been annexed to the City of San Antonio, and the sewage of such areas has been transported through the sewer mains and conduits of Alamo Heights, and

WHEREAS, the City of San Antonio has contract with the Town of Terrell Hills for the transportation and treatment of sanitary sewage originating in the Town of Terrell Hills, and may hereafter make similar contracts with other cities or subdivisions, and it is to the interest of the City of San Antonio to transport a portion of such sewage through the sewer mains and conduits of the City of Alamo Heights; and

WHEREAS, the City of San Antonio and the City of Alamo Heights are desirous of entering into a contract establishing the rights and obligations of respective cities pertaining to the use of the sewer mains and conduits in Alamo Heights by the City of San Antonio, and for the transportation and treatment of sanitary sewage of Alamo Heights by the City of San Antonio;

BE IT ORDAINED BY THE CITY OF ALAMO HEIGHTS: AND BE IT ORDAINED BY THE COMMISSIONERS OF THE CITY OF SAN ANTONIO:

1. That this ordinance creates and manifests a contract between the City of San Antonio, Bexar County, Texas, and the City of Alamo Heights, Bexar County, Texas.

2. The City of San Antonio will take the sanitary sewage of the City of Alamo Heights at the boundary of Alamo Heights and transport it through the sewer system of San Antonio and treat it for disposal with the sewage of San Antonio. In addition to the present connections of the Alamo Heights sewer mains with the sewer mains of the City of San Antonio, additional connections will be made from time to time with sewer mains of the City of San Antonio, subject to the approval of the governing body of the City of San Antonio, so as to adequately connect the sewer systems of the two cities. It is contemplated that the City of San Antonio will take the sewage from the City of Alamo Heights at the boundary of Alamo Heights at three locations; however, if it should develop that it would be more advantageous to take the sewage at other locations, it may do so upon notice to the City of Alamo Heights.

3. The City of Alamo Heights agrees to transport for the City of San Antonio sanitary sewage originating outside of the City of Alamo Heights through the Alamo Heights sewer mains and system, provided all connections to the Alamo Heights sewer mains and system and conduits from outside territory shall be made only through sewer mains and conduits approved as to size, plan, specifications and location by the governing body of the City of Alamo Heights, and provided further that the City of Alamo Heights will be under no obligation to transport sewage for San Antonio originating outside of Alamo Heights when the capacity of the sewer mains of Alamo Heights is needed by the City of Alamo Heights for transportation of sewage originating in the City of Alamo Heights, it being the intention of the parties hereto that the sanitary sewer system of the City of Alamo Heights shall first be used to transport sewage originating in Alamo Heights.

4. The City of Alamo Heights agrees that it will not transport through its sewer system any sewage originating outside of the City of Alamo Heights without first having obtained the written approval of the City of San Antonio.

5. The consideration for this contract is as follows:

A. The City of Alamo Heights is to pay to the City of San Antonio a fee of \$6.00 per annum per connection for each of its now existing 2,077 connections to its sanitary sewer system for the sewage originating in Alamo Heights.

B. The City of Alamo Heights is to pay to the City of San Antonio for each connection added to the Alamo Heights sanitary sewer system after July 1, 1950, sums as follows:

(1) A fee of \$6.00 per annum for each four-fixture connection.

(2) For each unit of more than four fixtures, a fee of \$6.00, plus \$1.00 for each additional fixture above the number of four.

C. The City of San Antonio is to pay to the City of Alamo Heights a fee of \$4.77 per annum for each sanitary sewer connection for sewage originating outside the City of Alamo Heights that is transported through the Alamo Heights sewer system as a service to the City of San Antonio.

D. The amount due under this contract to the City of Alamo Heights from the City of Alamo Heights from the City of San Antonio will be treated as an allowance or offset on the sum due under this contract from the City of Alamo Heights to the City of San Antonio, this difference to be figured annually. After making such an allowance the City of Alamo Heights shall annually pay the sum owing to the City of San Antonio in advance on or before January 10th of each year; provided, however, it is agreed that Alamo Heights will pay to the City of San Antonio the sum of \$10,010.00 on or before July 15, 1950, which sum shall represent the entire fee due under this contract for the calendar year 1950.

E. All payments made by the City of Alamo Heights to the City of San Antonio under this contract are to be payable at the office of License Dues Collector, City Hall, San Antonio, Texas.

6. On or about the 1st day of January 1956, a survey shall be made by the respective cities of the direct operating and maintenance cost of the Alamo Heights sanitary sewer system and the San Antonio sanitary sewer system and treatment plant. It is agreed that the 1950 direct operating and maintenance cost of the Alamo Heights sewer system is fifty-eight cents (58¢) per connection and that the direct operating and maintenance cost of the San Antonio sanitary sewer system and treatment plant is Two and 37/100 Dollars (\$2.37) per connection. Any increase or decreases in these amounts shall be added to or subtracted from the fees provided for in paragraph 5 of this contract. Such increase or decrease in fees shall commence as of January 1st., of the year following the year in which such survey is completed and shall continue in effect until a subsequent survey is made, based upon the same formula.

7. In the event it becomes necessary for the City of San Antonio to assess, and it does assess, a service charge against users or owners of sewers in the City of San Antonio of more than fifty cents (50¢) per residential connection per month to maintain and operate its sewer system and treatment plant, and the fee payable under this contract by Alamo Heights to San Antonio, as provided for in paragraph 5, and paragraph 6, above, in less than such service charge so assessed by the City of San Antonio, the contract price per connection for the Alamo Heights sewer connections, as provided for in paragraph 5, and paragraph 6 above, shall be increased to an amount equal to the amount of such service charge in excess of fifty cents (50¢), provided, however, that such increase to the City of Alamo Heights shall never exceed twenty-five cents (25¢) per connection per month.

8. The City of Alamo Heights agrees to keep an accurate record of all new connections made to its sanitary sewer system after July 1, 1950. A record of all connections made to the Alamo Heights sewer system after July 1, 1950 shall be maintained by the City of Alamo Heights subject to the inspection of the City of San Antonio at any time. The City of Alamo Heights will furnish to the City of San Antonio on or before the 1st day of January 1951, a list showing all connections made to the Alamo Heights sewer system from July 1, 1950, to January 1, 1951; and thereafter a supplemental list showing all new connections made to the Alamo Heights sanitary sewer system during each year shall be furnished to the City of San Antonio on or before the 10th day of January of each year.

9. On or before January 1, 1951, the City of San Antonio will furnish to the City of Alamo Heights a list of all sanitary sewer connections of sewers outside the City limits of Alamo Heights from which sewage will be transported through the Alamo Heights sanitary sewer system, as provided for in paragraph 3 above. Thereafter the City of San Antonio agrees to keep an accurate record of all such connections made after January 1, 1951. A record of all sewer connections outside the City of Alamo Heights from which sewage is to be transported through the Alamo Heights sewer system shall be kept by the City of San Antonio, subject to the inspection of the City of Alamo Heights at any time. The City of San Antonio will furnish to the City of Alamo Heights on or before the 1st day of January, 1952, a list of all such connections made to the sewer system after January 1, 1951, and thereafter a supplemental list showing all new connections made to such sewer system during each year shall be furnished to the City of Alamo Heights by the City of San Antonio on or before January 10th of each year.

10. This contract shall terminate unless renewed by a contract duly passed by the City of Alamo Heights and the City of San Antonio on the 1st day of January 1960.

11. The rights under this contract are limited to the contracting parties and no other person shall have any right of action herein, or based hereon.

12. The City of Alamo Heights will maintain careful inspection of its sanitary sewer system, and will stop the flow of any surface water, oil, or anything detrimental to the sewer system of San Antonio or which might impair the functions of its Sewage Treatment Plant; and it is the intent of this contract to limit it to the sanitary sewage of Alamo Heights; and the City of Alamo Heights will pass an appropriate ordinance making it an offense for anyone in Alamo Heights to put into the Alamo Heights sewer system oil, or any other substance which might be detrimental to the sewer system of San Antonio or which might impair the functions of its Sewage Treatment Plant.

13. The City of San Antonio shall never be liable to the City of Alamo Heights for pecuniary damages for failure to take the sewage of the City of Alamo Heights into the sewer system of the City of San Antonio and the right of action therefor is waived as part of the consideration of this contract; provided such waiver of damages shall not be construed to prevent the appropriate enforcement of this contract upon the part of the City of Alamo Heights by injunction or other appropriate legal remedies, which remedies are herein specifically preserved and acknowledged by the City of San Antonio.

14. The City of Alamo Heights shall levy annually a tax to pay the City of San Antonio the consideration specified in this contract, and shall appropriate annually for each fiscal year the money to pay the rental in advance; and such rental is hereby fixed and declared as a current expense of the City of Alamo Heights for each year.

15. The City of Alamo Heights is to pay the City of San Antonio on or before July 15, 1950, all charges owing by the City of Alamo Heights to the City of San Antonio for taking the sanitary sewage of Alamo Heights and transporting it through the sewer system of San Antonio and for the disposal of the same by the City of San Antonio, for a period beginning January 1, 1948 and ending December 31, 1949; the fee to be so paid shall be figured at the rate set forth in paragraph 3 of the contract entered into between the City of Alamo Heights and the City of San Antonio on the 3rd day of October, 1940, and such period shall be considered as a continuation of the time provided for in said contract of October 3, 1940.

16. This contract shall become effective immediately upon the adoption of the governing bodies of the contracting parties, as of the 1st day of January, 1950; and all agreements, if any, existing heretofore between the contracting parties relating to the subject matter of this agreement, are superseded expressly by this contract and shall be null and void.

17. This instrument in writing constitutes the entire contract between the parties hereto, there being no other written nor any parole agreement with any officer or employee of the City of San Antonio, it being understood that the Charter of the City of San Antonio requires all contracts of the City to be in writing and adopted by ordinance.
