The Respondent's Waiver request must fully document Sub-Contractor unavailability despite the Respondent's good faith efforts to comply with the goal. Such documentation shall include all good faith efforts made by Respondent including, but not limited to, which Sub-Contractors were contacted (with phone numbers, e-mail addresses and mailing addresses, as applicable) and the method of contact. **Late Waiver requests will not be considered.**

Exception Request - Respondent may, for good cause, request an Exception to the application of the SBEDA Program if Respondent submits the *Exception to SBEDA Program Requirements Request* form (*available at <http://www.sanantonio.gov/SBO/Forms.aspx>*) with its solicitation response. Respondent's Exception request must fully document why: (1) the value of the contract is below the \$50,000 threshold for application of the SBEDA Program; or (2) no commercially-useful subcontracting opportunities exist within the contract scope of work; or (3) the type of contract is outside of the scope of the SBEDA Ordinance. **Late Exception Requests will not be considered.**

B. SBEDA Program

City has adopted a Small Business Economic Development Advocacy Ordinance (Ordinance No. 2010-06-17-0531 and as amended, also referred to as "SBEDA" or "the SBEDA Program"), which is posted on the City's Economic Development (EDD) website page and is also available in hard copy form upon request to the City. The SBEDA Ordinance Compliance Provisions contained in this section of the Agreement are governed by the terms of this Ordinance, as well as by the terms of the SBEDA Ordinance Policy & Procedure Manual established by the City pursuant to this Ordinance, and any subsequent amendments to this referenced SBEDA Ordinance and SBEDA Policy & Procedure Manual that are effective as of the date of the execution of this Agreement. Unless defined in a contrary manner herein, terms used in this section of the Agreement shall be subject to the same expanded definitions and meanings as given those terms in the SBEDA Ordinance and as further interpreted in the SBEDA Policy & Procedure Manual.

C. Definitions

Affirmative Procurement Initiatives (API) – Refers to various Small Business Enterprise, Minority Business Enterprise, and/or Women Business Enterprise ("S/M/WBE") Program tools and Solicitation Incentives that are used to encourage greater Prime and subcontract participation by S/M/WBE firms, including bonding assistance, evaluation preferences, subcontracting goals and joint venture

incentives. (For full descriptions of these and other S/M/WBE program tools, see Section III. D. of Attachment A to the SBEDA Ordinance.)

Centralized Vendor Registration System (CVR) – a mandatory electronic system wherein the City requires all prospective Respondents and Sub-Contractors that are ready, willing and able to sell goods or services to the City to register. The CVR system assigns a unique identifier to each registrant that is then required for the purpose of submitting solicitation responses and invoices, and for receiving payments from the City. The CVR-assigned identifiers are also used by the Goal Setting Committee for measuring relative availability and tracking utilization of SBE and M/WBE firms by Industry or commodity codes, and for establishing Annual Aspirational Goals and Contract-by-Contract Subcontracting Goals.

Certification or “Certified” – the process by which the Small Business Office (SBO) staff determines a firm to be a bona-fide small, minority-, women-owned, or emerging small business enterprise. Emerging Small Business Enterprises (ESBEs) are automatically eligible for Certification as SBEs. Any firm may apply for multiple Certifications that cover each and every status category (e.g., SBE, ESBE, MBE, or WBE) for which it is able to satisfy eligibility standards. The SBO staff may contract these services to a regional Certification agency or other entity. For purposes of Certification, the City accepts any firm that is certified by local government entities and other organizations identified herein that have adopted Certification standards and procedures similar to those followed by the SBO, provided the prospective firm satisfies the eligibility requirements set forth in this Ordinance in Section III.E.6 of Attachment A.

Commercially Useful Function – an S/M/WBE firm performs a Commercially Useful Function when it is responsible for execution of a distinct element of the work of the contract and is carrying out its responsibilities by actually performing, staffing, managing and supervising the work involved. To perform a Commercially Useful Function, the S/M/WBE firm must also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quantity and quality, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether an S/M/WBE firm is performing a Commercially Useful Function, an evaluation must be performed of the amount of work subcontracted, normal industry practices, whether the amount the S/M/WBE firm is to be paid under the contract is commensurate with the work it is actually performing and the S/M/WBE credit claimed for its performance of the work, and other relevant factors. Specifically, an S/M/WBE firm does not perform a Commercially Useful Function if its role is limited to that of an extra participant in a transaction, contract or project through which funds are passed in order to obtain the appearance of meaningful and useful S/M/WBE participation, when in similar transactions in which S/M/WBE firms do not participate, there is no such role performed. The use of S/M/WBE firms by CONTRACTOR to perform such “pass-through” or “conduit” functions that are not commercially useful shall be viewed by the CITY as fraudulent if CONTRACTOR attempts to obtain credit for such S/M/WBE participation towards the satisfaction of S/M/WBE participation goals or other API participation requirements. As such, under such circumstances where a commercially useful function is not actually performed by the S/M/WBE firm, the CONTRACTOR shall not be given credit for the participation of its S/M/WBE sub-Contractor or joint venture partner towards

attainment of S/M/WBE utilization goals, and the CONTRACTOR and S/M/WBE firm may be subject to sanctions and penalties in accordance with the SBEDA Ordinance.

Evaluation Preference – an API that may be applied by the Goal Setting Committee (“GSC”) to Construction, Architectural & Engineering, Professional Services, Other Services, and Goods and Supplies contracts that are to be awarded on a basis that includes factors other than lowest price, and wherein responses that are submitted to the City by S/M/WBE firms may be awarded additional Points in the evaluation process in the scoring and ranking of their proposals against those submitted by other prime Contractors or Respondents.

Good Faith Efforts – documentation of the Contractor’s or Respondent’s intent to comply with S/M/WBE Program Goals and procedures including, but not limited to, the following: (1) documentation within a solicitation response reflecting the Respondent’s commitment to comply with SBE or M/WBE Program Goals as established by the GSC for a particular contract; or (2) documentation of efforts made toward achieving the SBE or M/WBE Program Goals (e.g., timely advertisements in appropriate trade publications and publications of wide general circulation; timely posting of SBE or M/WBE subcontract opportunities on the City website; solicitations of bids/proposals/qualification statements from all qualified SBE or M/WBE firms listed in the Small Business Office’s directory of certified SBE or M/WBE firms; correspondence from qualified SBE or M/WBE firms documenting their unavailability to perform SBE or M/WBE contracts; documentation of efforts to subdivide work into smaller quantities for subcontracting purposes to enhance opportunities for SBE or M/WBE firms; documentation of a Prime Contractor’s posting of a bond covering the work of SBE or M/WBE Sub-Contractors; documentation of efforts to assist SBE or M/WBE firms with obtaining financing, bonding or insurance required by the Respondent; and documentation of consultations with trade associations and Contractors that represent the interests of SBE and/or M/WBEs in order to identify qualified and available SBE or M/WBE Sub-Contractors.) The appropriate form and content of Contractor’s Good Faith Efforts documentation shall be in accordance with the SBEDA Ordinance as interpreted in the SBEDA Policy & Procedure Manual.

Contractor voluntarily agrees to fully comply with these SBEDA program terms as a condition for being awarded this contract by the City. Without limitation, Contractor further agrees to the following terms as part of its contract compliance responsibilities under the SBEDA Program:

1. 3. Contractor shall permit the SBO, upon reasonable notice, to undertake inspections as necessary including, but not limited to, contract-related correspondence, records, documents, payroll records, daily logs, invoices, bills, cancelled checks, and work product, and to interview Sub-Contractors and workers to determine whether there has been a violation of the terms of this Agreement;
4. Contractor shall immediately notify the SBO, in writing on the Change to Utilization Plan form, through the Originating Department, of any proposed changes to Contractor's Sub-Contractor / Supplier Utilization Plan for this contract, with an explanation of the necessity for such proposed changes, including documentation of Good Faith Efforts made by Contractor to replace the Sub-Contractor / Supplier in accordance with the applicable Affirmative Procurement Initiative. All proposed changes to the Sub-Contractor / Supplier Utilization Plan including, but not limited to, proposed self-performance of work by Contractor of work previously designated for performance by Sub-Contractor or supplier, substitutions of new Sub-Contractors, terminations of previously designated Sub-Contractors, or reductions in the scope of work and value of work awarded to Sub-Contractors or suppliers, shall be subject to advanced written approval by the Originating Department and the SBO.
5. Contractor shall immediately notify the Originating Department and SBO of any transfer or assignment of its contract with the CITY, as well as any transfer or change in its ownership or business structure.

7. In instances wherein the SBO determines that a Commercially Useful Function is not actually being performed by the applicable S/M/WBE or HUBZone firms listed in a Contractor's Sub-Contractor / Supplier Utilization Plan, the Contractor shall not be given credit for the participation of its S/M/WBE or HUBZone Sub-Contractor(s) or joint venture partner(s) toward attainment of S/M/WBE or HUBZone firm utilization goals, and the Contractor and its listed S/M/WBE firms or HUBZone firms may be subject to sanctions and penalties in accordance with the SBEDA Ordinance.
8. Contractor acknowledges City will not execute a contract or issue a Notice to Proceed for this project until the Contractor and each of its Sub-Contractors for this project have registered and/or maintained active status in the City's Centralized Vendor Registration System, and Contractor has represented to City which primary commodity codes each registered Sub-Contractor will be performing under for this contract.

E. SBEDA Program Compliance – Affirmative Procurement Initiatives

The City has applied the following contract-specific Affirmative Procurement Initiatives to this contract. Contractor hereby acknowledges and agrees that the selected API requirement shall also be extended to any change order or subsequent contract modification and, absent SBO's granting of a waiver, that its full compliance with the following API terms and conditions are material to its satisfactory performance under this Agreement:

SBE Prime Contract Program. In accordance with the SBEDA Ordinance, Section III. D. 1. (a), this contract is being awarded pursuant to the SBE Prime Contract Program, and as such, Contractor affirms that if it is presently certified as an SBE, Contractor agrees not to subcontract more than 49% of the contract value to a non-SBE firm, **and**

M/WBE Subcontracting Program. In accordance with SBEDA Ordinance Section III. D. 2. (b), this contract is also being awarded pursuant to the M/WBE Subcontracting Program. Contractor agrees to subcontract at minimum **nineteen percent (19%) the amount indicated on the Subcontractor/Supplier Utilization Commitment Form for this project** of its prime contract value to certified M/WBE firms headquartered or having a Significant Business Presence within the San Antonio Metropolitan Statistical Area (SAMSA). The Sub-Contractor/Supplier Utilization Plan which

Contractor submitted to City with its response for this contract (or, as appropriate, that it agrees to submit during the price proposal negotiation phase of this contract), and that contains the names of the certified M/WBE Sub-Contractors to be used by Contractor on this contract, the respective percentages of the total prime contract dollar value to be awarded and performed by each M/WBE Sub-Contractor, and documentation including a description of each M/WBE Sub-Contractor's scope of work and confirmation of each M/WBE Sub-Contractor's commitment to perform such scope of work for an agreed upon dollar amount is hereby attached and incorporated by reference into the material terms of this Agreement. In the absence of a waiver granted by the SBO, the failure of Contractor to attain this Sub-Contractor goal for M/WBE firm participation in the performance of a Commercially Useful Function under the terms of its contract shall be a material breach and grounds for termination of the contract with City, and may result in debarment from performing future City contracts and/or shall be subject to any other remedies available under the terms of this Agreement for violations of the SBEDA Ordinance, or under any other law **and,**

Segmented M/WBE Goal. In accordance with SBEDA Ordinance Section III. D. 2. (d), this contract is being awarded pursuant to Segmented M/WBE Goals. Contractor agrees to subcontract at least **three percent (3%) the amount indicated on the Subcontractor/Supplier Utilization Commitment Form for this project** of its prime contract value to certified African American Business Enterprise (AABE) firms headquartered or having a significant business presence within the San Antonio Metropolitan Statistical Area (SAMSA). This three percent (3%) subcontracting goal will also count toward the aforementioned nineteen percent (19%) M/WBE subcontracting goal. The Subcontractor / Supplier Utilization Plan that Contractor submitted to City with its response for this contract (or, as appropriate, that it agrees to submit during the price proposal negotiation phase of this contract), and that contains the names of the certified AABE Sub-contractors to be used by Contractor on this contract, the respective percentages of the total prime contract dollar value to be awarded and performed by each AABE Sub-contractor, and documentation including a description of each AABE Sub-contractor's scope of work and confirmation of each AABE Sub-contractor's commitment to perform such scope of work for an agreed upon dollar amount is hereby attached and incorporated by reference into the material terms of this Agreement. In the absence of a waiver granted by the SBO, the failure of Contractor to attain this subcontracting goal for AABE firm participation in the performance of a Commercially Useful Function under the terms of its contract shall be a material breach and grounds for termination of the contract with the City, and may result in debarment from performing future City contracts, withholding of payment for retainage equal to the dollar amount of the underutilization below the agreed upon AABE subcontracting goal, and/or shall be subject to any other remedies available under the terms of this Agreement for violations of the SBEDA Ordinance, or under any other law.

Subcontractor Diversity: The City of San Antonio strongly encourages each bidder to be as inclusive as possible, and to reach out to all segments of the M/WBE community in its efforts to exercise good faith in achieving the M/WBE subcontracting goal of 19% and AABE subcontracting goal of 2% that have been established for this contract. While the relative availability of ready, willing, and able firms within various ethnic and gender categories will vary significantly from contract to contract based upon the particular trades that are involved, overall in the San Antonio Construction industry, as reflected in the City's Centralized Vendor Registration system for the month of August 2014, African-American owned firms represent approximately 2.51% of available sub-contractors, Hispanic-American firms represent approximately 17.10%, Asian-American firms represent approximately 1.09%, Native American firms represent approximately 0.32%, and Women-owned firms represent approximately 5.01% of available construction sub-contractors.

F. Commercial Nondiscrimination Policy Compliance

As a condition of entering into this Agreement, the Contractor represents and warrants that it has complied with throughout the course of this solicitation and contract award process, and will continue to comply with, the City's Commercial Nondiscrimination Policy, as described under Section III. C. 1. of the SBEDA Ordinance. As part of such compliance, Contractor shall not discriminate on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation or, on the basis of disability or other unlawful forms of discrimination in the solicitation, selection, hiring or commercial treatment of Sub-Contractors, vendors, suppliers, or commercial customers, nor shall the company retaliate against any person for reporting instances of such discrimination. The company shall provide equal opportunity for Sub-Contractors, vendors and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the City's Relevant Marketplace. The company understands and agrees that a material violation of this clause shall be considered a material breach of this Agreement and may result in termination of this Agreement, disqualification of the company from participating in City contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party. Contractor's certification of its compliance with this Commercial Nondiscrimination Policy as submitted to the City pursuant to the solicitation for this contract is hereby incorporated into the material terms of this Agreement. Contractor shall incorporate this clause into each of its Sub-Contractor and supplier agreements entered into pursuant to City contracts.

G. Prompt Payment

Upon execution of this contract by Contractor, Contractor shall be required to submit to City accurate progress payment information with each invoice regarding each of its Sub-Contractors, including HUBZone Sub-Contractors, to ensure that the Contractor's reported subcontract participation is accurate. Contractor shall pay its Sub-Contractors in compliance with Chapter 2251, Texas Government Code (the "Prompt Payment Act") within ten days of receipt of payment from City. In the event of Contractor's noncompliance with these prompt payment provisions, no final retainage on the Prime Contract shall be released to Contractor, and no new City contracts shall be issued to the Contractor until the City's audit of previous subcontract payments is complete and payments are verified to be in accordance with the specifications of the contract.

H. Violations, Sanctions and Penalties

In addition to the above terms, Contractor acknowledges and agrees that it is a violation of the SBEDA Ordinance and a material breach of this Agreement to:

Willfully falsify, conceal or cover up by a trick, scheme or device, a material fact or make any false, fictitious or fraudulent statements or representations, or make use of any false writing or document, knowing the same to contain any false, fictitious or fraudulent statement or entry pursuant to the terms of the SBEDA Ordinance;

Any person who violates the provisions of this section shall be subject to the provisions of Section III. E. 13. of the SBEDA Ordinance and any other penalties, sanctions and remedies available under law including, but not limited to:

1. Suspension of contract;
2. Withholding of funds;
3. Rescission of contract based upon a material breach of contract pertaining to S/M/WBE Program compliance;
